

WILSON TO STAND BEHIND INCREASES

Desires That House Accept Senate Provisions in Naval Program

BUCHANAN STOPS ACTION

Temporarily Halts Reference of Bill to Conference—Believes Bill Too Important

SENATE WORKS ON ARMY BILL

WASHINGTON, July 25.—President Wilson has determined to stand squarely behind the increased senate naval building program. Official word of his desire that senate provisions be accepted by the house was sent from the white house today to administration leaders at the capitol where conferees will begin consideration of the naval bill within a few days. Representative Buchanan of Illinois a member of the naval committee temporarily blocked reference of the measure to conference in the house today. He objected to Chairman Padgett's request for appointment of conferees under unanimous consent. Senator conferees already have been named.

Whether President Wilson's influence will be sufficient to put through the big senate program, carrying provision for immediate construction of four dreadnaughts and four battle cruisers and a three year continuing building program is uncertain. Several representatives sought to have the house conferees bound on certain amendments but Chairman Padgett insisted that they be left free to act at their discretion. The plan for forcing reference to conference Thursday was agreed on by Chairman Padgett, Leader Kitchin, Republican Leader Mann, acting Chairman Harrison of the rules committee and Democratic and Republican members of the naval committee. Mr. Padgett later introduced a resolution making provision for appointment of conferees.

Mr. Buchanan said his reason for blocking action today was that the bill was too important to be left to conferees.

Efforts to Reduce Items Fail

Efforts to reduce items of the army appropriation bill below figures recommended by the military committee failed in the senate today and indications tonight were that the total appropriation for that branch of National Defense would approximate \$290,000,000.

Passage of the bill is expected tomorrow. Most of the appropriations had been acted upon when adjournment was taken tonight. As the bill stands it represents an increase of \$110,000,000 over the house authorization. By a vote of 13 to 36, the senate today retained a house provision prohibiting installation of so-called stop-watch systems in management of government works. Senators Martine, Reed, Thomas and others denounced the system as "brutal and fiendish." The military affairs committee sought vainly to have the provision against it stricken out.

An amendment to establish a council of national defense for coordination of industries and resources in the interest of national security was agreed to 39 to 13. The council would consist of the secretaries of state, war and navy, the chief of staff of the army, an officer of the navy not below the rank of captain, and not more than six experts in industry, public utility work or conservation, to be named by the president with the consent of the senate. A proposal by Chairman Chamberlain, of the military committee for a commission to report on the adequacy of the food supplied troops at the border, was ruled out on a point of order made by Senator Gallinger.

BODY OF JAMES WHITCOMB RILEY RESTS IN FLOWER-LINED VAULT

INDIANAPOLIS, Ind., July 25.—The body of James Whitcomb Riley, Hoosier poet rested tonight in a flower-lined vault in the little old chapel at Crown Hill Cemetery, after private funeral services at the home in Lockebie street this afternoon. A large crowd was at the cemetery to see the body placed in the temporary resting place.

During the funeral services all flags in the city floated at half mast. It has not been finally decided whether to take the body to Greenfield, Ind., Riley's boyhood home, or let it remain here. A movement to maintain the home in Lockebie street made famous by Riley as a memorial to the poet, has started.

CHARGE OLNEY YOUTH WITH GIRL'S MURDER

CORONER'S JURY HOLDS HINTERLITER TO GRAND JURY

Girl Died Friday Night While Out Riding With Youth—Find Catherer in Road at Point Where Officers Believe Death Occurred—Youth Protests Innocence.

Olney, Ill., July 25.—Roy Hinterliter, 21 years of age, son of a wealthy farmer, tonight was charged by a coroner's jury with responsibility for the death of Miss Elizabeth Ratcliffe, 17 years old of Paoli, Ind., and was held without bail for action by the grand jury. Miss Ratcliffe died Friday night while riding in a buggy with young Hinterliter, and for three days officers have been puzzled by one of the most mysterious cases known to criminal surgery.

When late today, it was determined that the girl had died from embolism, or the stopping of the blood's course by air in the heart, and a catheter was found at the point in the road where officers previously had believed the death occurred. State's Attorney Morris declared he had a chain of circumstantial evidence which warranted the arrest of Hinterliter.

Mr. Morris stated that the evidence would show that Hinterliter had attempted to perform a delicate operation on Miss Ratcliffe and that in the use of the instrument he had permitted air to enter an artery and thence be transmitted to the heart. Hinterliter denies that he had been intimate with Miss Ratcliffe, and declares that his companion, on the night of that fatal ride, suddenly turned to him, crying, "Roy, I feel badly." With that exclamation, he says, the girl lurched forward in the buggy and never regained consciousness.

Late today, a man whose name was not disclosed, came in from a neighboring town with a package containing a catheter. He said he had taken it from a boy who told him he had been sent by Hinterliter to get it from a spot near which his horse had been tethered the night of the ride, say the authorities.

Sheriff Charles West tonight arrested two boys who told him that they had been in a drug store when a man whom they thought to be Hinterliter had purchased the catheter. There was no evidence that Hinterliter had used the catheter for its proper employment, but the physicians concerned in the case have formulated a theory that he might have used it to blow air into an artery. They told of alleged boasts by Hinterliter of his skill in performing improper operations and especially of the act of "blowing."

There was no trace of poison in the body.

There were no marks of violence and the doctors were in a quandary until Dr. James T. Weber, a local physician, said a fatality under such conditions never before had come to his notice.

Dr. Frank H. Weber, chief of the medical commission that performed the autopsy, said a fatality under such conditions never before had come to his notice.

Shirley West declared today he had located the exact scene of the tragedy and where the team Hinterliter had been driving was hitched. The sheriff avers his find explains the sand that was found in the shoes of Miss Ratcliffe when she was carried lifeless into a sanitarium at Olney.

Hinterliter on advice of his attorney refused tonight to discuss the case except to say that he was innocent of the girl's death.

DISCUSS RELATION OF MOUTH INFECTIONS TO GENERAL HEALTH

LOUISVILLE, Ky., July 25.—The relation of mouth infection to general health and the importance of making certain that dental repairs are properly made and permanent were the two ideas given special emphasis at the second general session here tonight of the annual convention of the National Dental association.

Three speakers developed the fact that the health frequently is seriously and vitally affected by an unsanitary condition of the mouth.

The speakers were Dr. Thomas B. Hartzell of Minneapolis; Dr. John R. Callahan of Cincinnati and Dr. Weston A. Price of Cleveland.

Dr. Hartzell in discussing the result of a research work at the University of Minnesota declared many diseases apparently unrelated to dental defects could be traced to such rheumatism, certain forms of Bright's diseases, indigestion and heart trouble. Defective teeth, Dr. Hartzell said, become a focal point for all sorts of infections which find a ready entrance to the circulation from the mouth. Dr. Callahan said that in a large percentage of cases where teeth are lost, which have once been filled, the loss can be traced to improperly filled and treated root canals.

TELEGRAPHIC BRIEFS

DANVILLE, Ill.—Mrs. Charles Cundiff of Pocahontas, Iowa, while visiting the home of her mother near this city, was stung by an insect and died from blood poisoning that resulted from it.

KANKAKEE, Ill.—William Taube who was bathing with five other boys was drowned in the Kankakee river at Fourth avenue. The body was recovered.

GALESBURG, Ill.—Lloyd C. Rodman, 30, a widely known horseman, is dead from heat prostration. Rodman brought a string of horses here from the Ottawa races, collapsing soon after his arrival.

CHICAGO—Cy DeVry, for twenty-eight years keeper of the Lincoln Park "Zoo" will go west and accept a position as manager of a moving picture company managerie, it was announced here.

SPRINGFIELD, Ill.—Justin F. McCarthy, former assistant city attorney of Chicago, has filed petition for the Democratic nomination for Lieutenant governor, subject to the September primaries.

BOSTON—Dr. Wilfred E. Harris, who was shot last Tuesday by Dr. Eldridge Atwood, is dead. His wife was with him at the end. The police announced that the charge against Dr. Atwood would be changed from assault to first degree murder.

CHARLES HUGHES' CAMPAIGN IN ILLINOIS WILL START TODAY

CHICAGO, July 25.—The start of the Hughes campaign in Illinois will be tomorrow with the arrival in Springfield of William J. Norton, secretary and Dr. C. M. Service and S. S. McMullen, directors of the Hughes alliance of Illinois.

Using Springfield as a base they will visit every city of more than 8,000 population in the state, establishing local organizations. Secretary Norton will direct the campaign in Springfield while his constituents will have charge of the field work. The itinerary will include the following cities:

Decatur, July 28th-29th.
Jacksonville, July 31st-Aug 1st.
Quincy, Aug. 2nd-3rd.
Mattoon, Aug. 15th.
Champaign, Aug. 16th.
Danville, Aug. 18th.
Bloomington, July 31st-Aug 1st.
Peoria, Aug. 2nd-3rd.
Galesburg, Aug. 8th-9th.
Rockford, Aug. 17th-18th.

FIRMS AFFECTED BY BRITISH BLACKLIST ADOPT RESOLUTIONS

NEW YORK, July 25.—The organization formed last week by individuals and firms affected by the British Commercial blacklist adopted resolutions today declaring it to be the duty of the United States government to demand that Great Britain revoke the blacklist. It was decided that the organization shall be known as the Association to Resist British Domination of American Commerce. Edward Stegman, Jr., was chosen treasurer and the following members were appointed by Chairman Leopold Zimmerman:

J. A. Kahl, John Simon and Dr. Ferdinand Sonneborn.

Copies of the resolutions will be placed in the hands of every member of the house of representatives and senators, members of the cabinet and governors of the states.

Maurice Blumenthal of counsel for the association left for Washington tonight to present a copy of the resolutions to President Wilson.

DISCLOSE EXTRAORDINARY PROSPERITY OF STEEL AND IRON

NEW YORK, July 25.—Extraordinary prosperity of the steel and iron industry, chiefly as a result of the European war, was disclosed today by the publication of a second quarterly statement of the United States corporation for 1916. It showed total earnings of \$81,126,948, net income of \$71,350,222 and surplus balance of \$47,964,535 after payment of regular dividends of 13 and 14 percent respectively on the preferred and common shares, and an extra dividend of 1 percent on the common. The figures show increase over the previous quarter of \$20,412,424, in total earnings, \$20,161,663 in net income and \$15,110,363 in surplus.

An analysis for the quarter shows a gain of more than \$2,000,000 in May over April and a moderate gain over May in June which had been expected to show a recession.

The extra dividend declared today is the first disbursement of its kind since the first quarter of 1910, and is accepted as partial compensation for the period of suspended dividends on the common stock in 1914-1915.

NEBRASKA STATE CONVENTIONS

Lincoln, Neb., July 25.—In compliance with the provisions of the State primary law the leading political parties in Nebraska hold their State conventions today, the Democrats meeting at Hastings and the Republicans holding forth in this city. The business of the conventions will be confined to the ratification of the tickets named in the general primary, the adoption of platforms and the selection of new State central committees.

BRITISH CRUISER STEAMS THRU CAPES

Warship Cruises About Lower Chesapeake for Hour or More

FRIGHTEN YACHT'S CREW

Fearing Craft Was to Be Searched Several Germans Retreat Into Hold of Ship

BELIEVE SHIP WITHIN RIGHTS

NORFOLK, Va., July 25.—Pilotless and without warning to United States officials one of the British cruisers lying off Cape Henry awaiting the appearance of the German submarines Deutschland and Bremen, steamed thru the Virginia Capes, early today, proceeded to the vicinity of Fortress Monroe, cruised about for an hour or more and then returned to a point just outside the three mile limit.

The United States Warship Louisiana and the Collier Neptune, were the only government vessels which sighted the ship, and a detailed report of the incident was made to Washington tonight by naval officers. Authorities here said that while the entrance to American waters without warning was very unusual, they could see in it no violation of international law or navigation regulations.

Initial knowledge of the presence of the cruiser in American waters came when an officer on the Louisiana cited her about 500 yards behind him just behind Cape Henry. The Louisiana proceeded slowly up the bay until reaching Lynnhaven Roads when she prepared to anchor and then, noticing the unidentified ship alongside, signalled her. The cruiser put out man of war lights and upon being pressed for her identity signalled "British cruiser" thru the darkness. A heavy fog overshadowed the water at the time and the Louisiana's officer was unable to make out the cruiser's name. Soon after displaying her cruiser signal the warship moved on up the bay.

How long the cruiser remained inside the capes has not been determined, but it is thought to have been not more than two hours. Members of the crew of Mrs. Clara Baldwin Stocker's yacht California, said tonight they saw her about half a mile out from the American shore shortly before five o'clock this morning. She came within a few hundred yards of the California, they said, and gave several German members of the yacht's crew a fright. Fearing that the craft was to be searched, they retreated into the hold.

Apparently the commander of the cruiser was satisfied with his investigation of the lower Chesapeake for today, the ship drew farther away from the shore than have any of the allied warships on patrol in many days.

Believe Cruiser Within Rights.

Washington, July 25.—Officials here were inclined to believe tonight that the British cruiser which made an incursion to Hampton Roads early today had acted wholly within her rights under international law. Although the official comment will be withheld pending receipt of the naval report on the incident, it was indicated that version contained in news dispatches showed no violation of American neutrality or navigation regulations.

A warship of a belligerent nation may enter the territorial waters of a neutral with impunity it was said, provided she conforms to navigation laws and does not remain more than two hours. She could not, however, repeat the entry. Should she come again she would be liable to intercept unless urgent need for repairs or supplies were shown.

The view here was that failure of the Cruiser to touch shore made it permissible for her to enter the roads without formally notifying port officials. Considerable interest in the cruiser's exploit was expressed among officials, who were at a loss to account for her movements.

AMERICAN OFFICERS PRONOUNCE "THE ISLAND" A NEST OF BANDITS

EL PASO, July 25.—American military authorities have pronounced that section of Mexico left on the north side of the Rio Grande by a change in the river's channel, a nest of bandits. General Gonzales, commanding in Juarez, was notified that reports had been received here that at least six Vallistas had taken quarters there and that it was these men who recently exchanged shots with detachments of Massachusetts guardsmen.

"The Island," covers about two square miles and on it live about 100 Mexicans. These, General Gonzales said, will be ordered to remove to the south side of the river,

War News Summarized

Pierce fighting between British and Germans in the Somme region in France continues.

The British are tenaciously holding to the portions of Pozieres from which they drove the Germans and with their artillery fire have repulsed an attempt by German infantry to regain possession of the northeastern portion of the village. Calm has prevailed on the French section in the Somme region. Except for violent bombardment of LaLauve, northeast of Verdun the French war office says there has been no important action on the entire French front.

Russians continue to make progress against the Teutonic allies in the Volhynia district sending troops across the Stoneveke river. One thousand prisoners and four cannon and five machine guns were taken in this region by Russians.

Berlin admits penetration by Russians of part of General VonLinsingen's first line trenches in Volhynia.

In the Carpathian district Austrians at several points attacked Russian cavalry operating against them, but Petrograd says they were repulsed everywhere.

The drive against Turks in Armenia is still going on and with Russians at their heels Turks are fleeing abandoning guns and munitions. Russians have thrown advanced guards to within ten miles of Erzingan in central Armenia and Turks there are declared unofficially to be preparing to withdraw to a new base at Sivas, 130 miles to the west.

In the Austro-Italian zone Italians report capture by their troops of Monte Cimone in the Posina-Asicco sector; a further advance in the Monte Chessa region ad repulse of counter-attacks on trenches they had captured near Sasera and Zebio on the Asiago plateau.

PROVOST GUARDS APPEAR IN THE STREETS OF SAN ANTONIO

Sending of Guard Into City Regarded As An Advisable Precaution at Department Headquarters.

San Antonio, Texas, July 25.—For the first time since the mobilization of the National Guard provost guards appeared in the streets of San Antonio tonight.

All was quiet at the camp of the Eighth, the negro regiment, a few of whose members were shot down last night by the hastily summoned provost guard of the national guard camp after they had participated in a disturbance in the street. No curtailment of the privileges of the men was ordered and the usual number of negro soldiers were visiting the town tonight, but at department headquarters the sending of a provost guard into the city was regarded as an advisable precaution.

An investigation today exonerated the guard for firing on the soldiers last night. Trial by court martial of a few soldiers of the Eighth was ordered.

The condition of the three wounded men in the hospital was reported satisfactory. Officers at headquarters and officers of the guard were well pleased tonight with the better showing made today by the First Illinois Brigade in its second day's march to Leon Springs. The movement was made with only a few stragglers in contrast to the record yesterday when hundreds from the three regiments fell out and waited for a "lift" in army ambulances, motor trucks and such private automobiles as could be secured.

LIGHT SHOWERS IN MIDDLE WEST FAIL TO RELIEVE HEAT

CHICAGO, July 25.—Light showers in certain sections of the corn and wheat belt today failed to relieve heat conditions which prevail thruout the middle west, according to reports from government weather bureau here. The precipitation was light and of short duration. Torrid temperatures were reported in central states bordering on the Mississippi river. In most states the maximum temperature reached over 90 degrees, Des Moines, Iowa, and Kansas City reporting more than 97 degrees. Points in Illinois, Iowa, Missouri, Kansas and Oklahoma reporting more than 100 degrees yesterday felt little relief today. At Omaha today the maximum temperature was 98 degrees, at Denver 92; Indianapolis and Cincinnati 94. A lake breeze following a shower caused a slight drop in the mercury at Chicago and surrounding territory.

CONTINUE PARTY'S EXISTENCE

Lincoln, Neb., July 25.—Nebraska Progressives in a state convention today without dissension resolved to continue the party's existence and reelected a new state central committee with Frank P. Corrick as chairman. The convention ratified the action of the state central committee in endorsing the candidates of the Republican national ticket and part of the Republican state ticket.

HAMMER AND O'LEARY MATCHED.

Chicago, Ill., July 25.—Ever Hammer of Chicago and Johnny O'Leary, the Canadian light-weight champion, were matched today to box 12 rounds to a decision in Boston on August 1st. They agreed to weigh 135 pounds.

TREATY NEGOTIATIONS ARE NEARLY COMPLETED

ONLY DETERMINATION OF A FEW
MINOR DETAILS REMAIN

Officials Reluctantly Confirm That Purchase of Danish West Indies Virtually Has Been Consummated—Fear Third Power Might Bring Pressure.

Washington, July 25.—Only determination of a few minor details remains to complete negotiations of a treaty between the United States and Denmark providing for acquisition of the Danish West Indies by this government at a purchase price of \$25,000,000.

The exact provisions of the agreement are being closely guarded in the belief that publicity at this time might place the negotiators at a disadvantage. Officials reluctantly confirmed that the purchase virtually had been consummated. Their chief concern is understood to be the possibility that some third nation might bring pressure to bear to defeat the project. In general terms the treaty is understood to follow one negotiated in 1902 by the two governments but which lapsed when the Danish parliament failed to ratify it after the United States senate had acted favorably. It is said to contemplate complete American acquisition of the group, which lies east of Porto Rico and is regarded as one great strategic military value. Relinquishment of undefined American claims thru right of discovery in Greenland, a Danish colony also is said to be included.

The treaty of 1902 provided that the islands should not be transferred until their inhabitants had voted approval. It is presumed the present treaty bears such a provision, but the possibility of an unfavorable vote by the islanders is considered very remote. Whether the Danish parliament might again defeat ratification is understood to be a matter of speculation.

General confidence in favorable action is felt in most quarters, but diplomats are sensitive to the fact that Denmark, hemmed in as she is among the great European powers, might feel strongly any pressure her neighbors brought to bear to prevent the sale. It is recalled that failure of the 1902 treaty was attributed to German influences.

No difficulty is anticipated, on the other hand, in securing ratification of a purchase treaty by the United States senate. An effort probably will be made to secure favorable action there before the present session of congress ends. Leaders of both sides of the chamber received today's white house announcement with general satisfaction. Senators recalled today that a bill authorizing President McKinley to purchase the islands was favorably reported in 1895 by the committee with the following argument for their acquisition, written by Senator Lodge, now ranking Republican member.

"The arguments in favor of the possession of these islands can be briefly stated and appear to the undersigned to be unanswerable. So long as these islands are in the market there is always the danger that some European power may purchase entry to purchase them. This would be an infraction of the Monroe Doctrine and would at once involve the United States in a very serious difficulty with the European power which sought possession of the islands. In the interest of peace it is of great importance that these islands pass into the hands of the United States and cease to be a possible source of foreign complications, which might easily lead to war."

MAP OUT PRELIMINARY PLANS FOR PRESIDENTIAL CONTEST

WASHINGTON, July 25.—President Wilson and members of his cabinet mapped out preliminary plans today for the coming presidential contest and decided that except in Maine where an election will be held Sept. 11th, active campaigning will not be started until congress adjourns. The president has no plans for going into Maine. Secretaries Wilson, Daniels and Redfield, former Governor Glynn of New York, and Senator James of Kentucky, are among speakers who will be sent into the state.

The president's plan is to remain here until congress adjourns and then go to Shadow Lawn, N. J., for the formal notification ceremonies. The only definite speaking engagement he has in Kentucky in September, but Chairman Vance McCormick of the Democratic national committee will recommend that he make several other addresses during the next few weeks.

RELATIVES WILL CONTEST WILL.

New York, July 25.—The will of Mrs. Grace McLaughlin Stevens who married her chauffeur, George M. Stevens, on her death bed in Havana after an elopement, will be contested by her relatives it was announced here today. Stevens inherited about \$250,000 under his wife's will and the contest will be on the grounds that the document was procured by Stevens thru "fraud and undue influence."

The contestants are uncles and aunts of Mrs. Stevens and all live in Ireland.

TEN RESCUERS LOSE LIVES IN TUNNEL

Government Officers Order Abandonment of Rescue Work

FEAR SECOND BLAST

Federal Officers Believe Faulty Electric Wiring Must Have Caused Explosion

START FOUR INVESTIGATIONS

CLEVELAND, O., July 25.—Ten rescuers today lost their lives by inhaling deadly gas which they encountered while seeking the bodies of twelve men who had been buried in debris which foliowed an explosion in the water works tunnel here last night. Government officers tonight ordered an abandonment of rescue work for fear a second explosion will cause a lengthening of the list of dead. Tests of the gas which has accumulated in the tunnel showed it to be of a highly explosive character and after the rescue crew had been withdrawn, pumps were put to work in an effort to have the tunnel in a condition which will permit of comparatively safe entrance tomorrow morning. No one entertaining the slightest hope that any of the twelve men are alive.

Two rescue parties today were overcome by the gas. Ten of their members died and eight more were suffocated. A third rescue party of seven men headed by D. J. Parker and L. M. Jones of the United States bureau of mines who arrived here with a mine rescue car from Pittsburgh, entered the death trap to save the injured and to bring out the bodies of the dead rescuers. All members of the third party were equipped with gas helmets but even they experienced great difficulty in breathing within the tunnel. A test of the gas followed, and after consultation with the Water Commissioner Jaeger, the order was issued prohibiting further work in the tunnel.

Parker and Jones had penetrated 200 feet into the wrecked tunnel from the crib end. By using their safety lanterns they could see a huge cave-in at the far end of the conduit, and it is believed the men are buried. The force of the explosion had torn up the tramway on the bottom of the tunnel and the conduit pipes and air conveyers were bent and twisted. Without having had sufficient opportunity to make a detailed investigation, federal officers believe faulty electric wiring must have caused the explosion when one of the laborers possibly opened a pocket of hidden gas with his pick. So fearful were they of the wiring that they ordered the electric power in the tunnel disconnected immediately after they had entered as the third rescue crew. It is also said that the first and second rescue crews were not provided sufficiently with gas helmets.

Four investigations—city, county, state and federal—will start tomorrow to fix responsibility for the explosion. The blast occurred near the five mile crib end of the tunnel late last night. It is said that an investigation also will be instituted into the lack of safety devices for rescue work, such as gas helmets and pulmotors at the crib and shore ends of the 16,000 feet bore. Among those who were injured in the second crew is Gustav Van Duben, superintendent of water construction. He was revived shortly after having been brought from the tunnel.

TEXAS SCHOOL SUPERINTENDENTS.

Austin, Texas, July 25.—A State institute of county school superintendents, the first gathering of its kind ever held in Texas, met in this city today and will continue in session until the end of the week. The call for the meeting was issued by State Superintendent of Public Instruction W. F. Doughty. The program provides for lectures on educational topics by speakers of national and State reputation.

WEATHER INDICATIONS AND TEMPERATURES.

ILLINOIS.—Generally fair and continued high temperature Wednesday and Thursday.

The current, maximum and minimum temperatures as recorded Tuesday were:

Jacksonville	81	101	67.
Boston	76	78	68.
Buffalo	72	86	76.
New York	70	76	70.
New Orleans	82	87	74.
Chicago	84	87	74.
Detroit	82	92	74.
Omaha	92	98	74.
St. Paul	84	90	70.
Helena	70	80	154.
San Francisco	64	68	54.
Winnipeg	74	76	48.

Final Notice

On July 25, 1916 all accounts on our books unpaid will be placed with our attorneys for collection. Persons owing us have been notified and must be guided accordingly.

Hot Weather Cuts Meat Consumption

The Drover's Journal attributes the present decline in the livestock market to the decrease in the retail demand for beef. There is no reason to doubt that the very high temperature which has continued in a country wide way for the greater part of the past four weeks has had a marked effect on meat consumption. Prices are still high and that in itself has an effect on the retail trade. This, taken together with the fact that meat forms a much less important part of the family dietary during hot weather, indicates clearly why cattle prices have declined. The Journal already quoted says that a period of generous receipts is immediately ahead because the western ranges will soon forward a liberal crop of fat grass fed beef and others will come from the corn belt pastures, which are fast drying up. For these reasons stockmen look for a reaction in prices only when lighter supplies reach the market.

Illinois Centennial.

It is to be hoped that the people of the state will take a working interest in the centennial plans which have been proposed by the commission. The advance made by Illi-

SUMMER DIET.

It's seldom that I give advice, to readers, as to diet; the doctors do it, and their price has started many a riot. "Excelsior and basswood meal," the gifted doctor hollers, "you ought to eat, if good you'd feel—now cough up seven dollars." The summer's hard on brain and nerve, and makes us listless; some simple rules we should observe, if we be feeling fussy. We ought to fill ourselves with greens, to roast ears, be treated; for eating pork and beefsteak means that we'll be overheated. You wouldn't wear your winter duds when solar rays are busy, yet eating meat and starchy spuds is surely just as dizzy. I journey forth with stately tread, where garden sas is growing, and eat a luscious cabbagehead, when hunger's pangs I'm knowing. No well done porterhouse for me! That diet is unholly; I pluck a turnip from the tree and Fletcherize it slowly. No sweetened drinks, but Adam's ale, around my stomach washes, and when I hunger I regale my works with prunes and squashes. By eating things like these my health is buttressed strong and pillared, and I will bet a slice of wealth that I can whip Jess Willard.

DATES IN ILLINOIS HISTORY.

July 26, 1733—A letter of this date tells of the failure of an attempt to import Illinois cattle into Canada.

nois in 100 years is so notable that the exercises in commemoration of the anniversary should be of the greatest interest as well as of marked educational value. One hundred years ago Illinois was partially peopled by Indians, and now an Indian is a curiosity within the confines of the state.

The development of Illinois agriculturally, from a manufacturing standpoint and educationally has been marvelous and the progress has kept pace with the best thought of the times. The proper celebration of the state anniversary will not only be fitting but will serve as an excellent lesson in patriotism for younger people, and will give them a new pride in their state as they become familiar in some measure with the glory of its past achievements.

German Thrift

From the New York Sun. According to Sparkasse, the journal of the German savings banks, there have been more new accounts opened in German savings banks in the second year of war than ever before. Reports indicate an increase of 288,000 accounts and an excess of deposits over withdrawals of \$625,000,000. This is a marvel thoroely characteristic of Germany, which had at the beginning of 1913 more savings bank depositors than any other country in the world. The number of accounts in Germany was then nearly 23,000,000. Including postal savings, Japan had 21,000,000 savings depositors. The United Kingdom came next with 14,600,000 depositors, and France had about the same number. The United States stood fifth, if we take the figures for this country compiled as of June 30, 1914, which showed about 11,500,000 accounts.

Providing Land For English

Along with the great suffering and sacrifices of the people in European countries at war there are some compensations. The governments which are demanding so much of their subjects are also showing some disposition to care for their material welfare. One such measure as that appears in England, where Lloyd George now proposes to have the government acquire vast acreages of land held as game preserves, divide them into small farms and sell them to the people at low prices. There are said to be more than eight million acres of good land held by the rich classes merely for such preserves. The plan also contemplates a law to compel the landlord class to dispose of some of their holdings to tenants at reasonable figures. The right to hold land in a monopolistic way has long been questioned, and the English movement for a fair consideration of the rights of all the people is legislation along right lines.

Country Wide Building Facts

The fact that there is more building in Jacksonville this year than has been true for a considerable period has already been commented upon. Judging from the reports compiled by Bradstreet's Journal, the tendency toward new buildings is widespread in the country. Prices are acknowledged to be as high for nearly all materials which enter into building construction but these facts do not seem to deter the building movement.

Records compiled of building permits in 120 cities show the number for six months of this year to be fully equal to the entire year of 1909. The record for the six months is also said to be very close to the highest previous record for building operations during a six months period. The number of permits in the cities from which records were compiled showed a gain of only 2.8 per cent, but the expenditures and certain expenditures for buildings begun showed an increase of more than 27 per cent. In a number of cities in the northwest the increase in building was more than 57 per cent. In New York City the gain was 20 per cent.

\$2.50 hammocks \$1.25; \$3.50 hammocks \$1.75; all other hammocks just half price. The Arcade, East State St.

J. P. CORREA'S BROTHER DIED AT HOME IN MADEIRA

News Not Received Until Jacksonville man Had Answered Final Summons.

When Joseph P. Correa, one of Jacksonville's well known citizens, passed away Monday morning it was without knowledge that his older brother, Antonio Correa, had gone on before. A letter received by the family yesterday told of the death of Antonio Correa in Funchal, Madeira. There were several brothers in the family and Joseph P. Correa came to this city as a young man and proved to be one of the most respected citizens.

Two of his brothers came here at different times to visit him and other relatives, but the older brother, Antonio, never left his island home. Joseph P. Correa tho so long separated from his brother kept in touch with him thru frequent letters and the news of the brother's death would have come to him as a distinct shock had he been here to receive the message.

Big assortment of Hammocks Lawn Swings, and Porch Swings at Brady Bros. prices right, too.

FUNERAL OF J. P. CORREA.

The funeral of the late Joseph P. Correa will be held this afternoon at 2:30 at the residence, 511 South Prairie street. In the death notice which appeared in the Journal yesterday thru an error two children were omitted. They are Charles E. Correa of St. Louis and Miss Annie Correa, living at home.

PRINCIPLES OF SALESMANSHIP TOPIC OF SHELTON REPRESENTATIVE

Harry N. Tolles of Chicago Speaks to Good Sized Company Tuesday Night at Grace M. E. church—Addresses Local Sheldon Club.

"The Building of Confidence in Business" was the theme of Harry N. Tolles, Chicago, speaking to the Jacksonville Business Science club and friends Tuesday evening at Grace M. E. church. Mr. Tolles is a speaker of commanding personality and his remarks were heard with the greatest interest. Members of the Young Men's Booster club were special guests at the supper, which was served at 6:30 o'clock by two circles of the church. On the committee from the club were W. C. Springgate chairman of the evening, C. D. Gunn, George T. Douglas, J. A. Long and H. J. Robinson.

In introducing the speaker, Mr. Springgate spoke in brief of the history of the Jacksonville club. Towards the close of the program, Miss Esther Spoons was called upon for a solo giving in excellent voice, "Queen of the Summer," to accompaniment by Mrs. Charles Pires.

"AN APPEAL TO THE PUBLIC."

"Will some one be GOOD ENOUGH to tell me (if he can) why it is that all the automobile dealers in town are trying their LEVEL BEST to trade their new cars for SECOND HAND FORDS? Is it because they want to get a lot of junk on their hands or is it because they ABSOLUTELY KNOW that they can sell their Ford any hour in the day?" C. N. PRIEST.

The Ford Man.

"MUST GUARD MY LIFE"—KAISER

Emperor Would Rejoice in Battle, But Duty Holds Him Back

London, July 24.—Emperor William during his recent trip to a point somewhere in the rear of Perrone, on the Somme front, says a dispatch to the Wireless Press from Berne, made a speech to the German wounded soldiers which is attracting great attention in Germany. The emperor is quoted as saying:

"It is the most poignant grief of my life that I am unable to take a more active part in this war. It is my earnest desire to take my place in the trenches and to deal such blows at our enemies as my age and strength would permit.

"I could take my place with the youngest of you, and I promise that I would leave my mark on the enemy. But the Inscrutable Almighty has willed otherwise. Into my care has been committed by Divine destiny the leadership of our country, its armies and its forces on land and sea.

"The burden of thinking deciding and leading has been laid upon me, and, realizing this, I know that my life must not be risked in the foremost line of battle where my feelings, if unrestrained, would carry me swiftly.

"My life must be conserved carefully for the welfare of Germany, in order to carry out the duties assigned to me by Divine appointment."

A big strong Lawn Swing for \$5.00 at Brady Bros. Call or phone your order.

IS GREAT MORAL PICTURE

Manager Johnson has secured the "Little Girl Next Door," for the Grand Wednesday and Thursday. The picture is based on the results of the investigation of the vice committee which was appointed about two years ago and made extensive investigations in many cities thruout the state.

The picture deals especially with the "White Slave traffic and points to the moral in no uncertain way. The leading critics of the country and many clergymen have endorsed the picture. Every father and every mother should see this great picture as it brings out the dangers that beset the young girls of the present day. There will be no vaudeville on these days, the shows running from 1:30 in the afternoon until 9:45 o'clock in the evening, the last show starting at 9 o'clock.

Mrs. L. J. Clarkson of Aurora and Mrs. Lillie B. Johnson of the state of Washington are visiting at the home of their son and brother, W. T. Clarkson on Edgemoor Road.

SOCIAL EVENTS

Franklin Outing Club Has

Party for Former Neighbors.
Last evening the Franklin Outing club gave a very pleasant picnic at the Burlington lake in honor of Mr. and Mrs. Fred Meredith who are former residents of Franklin, but who now reside in Little Rock, Arkansas. Mr. and Mrs. Meredith have many friends in Franklin and all present were most glad to have them back once again. Supper was served at the lake and the evening was spent in various games and boat riding the occasion being a delightful one in every way.

Birthday Party for

Mary Louise Fox.
Miss Mary Louise Fox very happily celebrated her ninth birthday Monday afternoon with a party of little friends at the home of her parents, near Sinclair. Out door games supplied the principal amusement and a general good time was enjoyed by the little folks who were also treated to delicious refreshments. Miss Mary Louise also received a number of nice presents and all was merry and joyful. Those present were: Harold Mildred and Glen Upchurch, Margaret and Jean Wahn, Chester and Russel Stewart, Ethel, Emma and Willie Coulston, Lovette and Charles Stice, Everett and Bearnee Hynes, Harvey McDaniel, Layman Finley, and Ruth Miles.

Entertained for

Mrs. B. H. DeLapp.
Mrs. Saybilla Tendick entertained recently at her home on West College avenue in honor of her niece, Mrs. B. H. DeLapp, son and daughter of Los Angeles. Guests were present for both luncheon and dinner. The company included Mr. and Mrs. Elmer Porton of Chicago, Mr. and Mrs. Peter Kastrop, Mrs. Clara Hoover and son Earl, Mrs. Jennie Porton, Edward Tendick, Mrs. B. H. DeLapp, daughter Frances and son Brantley. Mrs. Dwight Kastrop also recently entertained at dinner in honor of Mrs. DeLapp, who is her aunt. Another company for Mrs. DeLapp was given with her brothers, Edward and John Kastrop, as the hosts.

Court of Astolat Meets.

A meeting of the Court of Astolat No. 362 was held in Centenary church Monday. Miss Catherine Rapp was crowned queen with appropriate ceremonies. The next meeting will be held the first Monday in August. The officers are: Queen—Catherine Rapp. Lady of the Lake—Mrs. Claude Vall.

Keeper of the Royal Purse—Ruth Fenstermaker.
Royal Scribe—Eloise King.
Court Marshal—Gladys Ferreira.
Queen's Attendants—Frances Claus and Marceline Cowgour.
Sergeant at arms—Lena Chaney.
Court Herald—Mary LaRue.

Birthday Surprise for

Joshua Vasconcellos.
Friends of Commissioner Joshua Vasconcellos spent a pleasant social evening Tuesday at his home, 1040 North Fayette street, honoring Mr. Vasconcellos' fifty-first birthday. Mrs. Vasconcellos and family were visiting in the country and Rev. W. E. Spoons, accompanied by Mr. Vasconcellos, motored out to bring them home. Arriving home about 8:30 o'clock, they found that a merry company had gathered and in the ensuing evening hours there were many words of good fellowship and cheer.

Miss Shuff Hostess

at Porch Party.
Miss Stella Shuff entertained a company of sixteen friends Tuesday evening at her home, 750 West North street. The guests were received on the spacious porch, the events of the entire evening taking place out of doors. An informal program of games was followed by recourse to pleasing anecdote upon the part of each in turn. Appropriate refreshments were served.

Mrs. William Cleary Entertains

Members of Women's Clubs.
Mrs. William Cleary of Strawn's Crossing entertained the members of the Strawn's Crossing and the Orleans Woman's Clubs yesterday afternoon. Mrs. James H. Dobyns presided at the meeting and the afternoon was one of pleasure to all present. One feature of the program was the reading of Riley's "An Old Sweetheart of Mine", with musical accompaniment, by Miss Marie Whalen who is a guest of Mrs. J. W. Rawlings, with Miss Marie Corrington at the piano. As an encore Miss Whalen read "Foolish Questions"; this was enthusiastically received. Music for the occasion was furnished by Misses Marie and Marguerite Corrington, Ruth Cully, Eloise King and Mrs. William Cleary. The guests were further entertained by two contests. The first one was a model of a club woman and was won by Mrs. Austin King. The second was questions on the apparel of a club woman. This was won by Mrs. Caldwell of Alexander.

The remainder of the afternoon was spent socially and during this time delicious refreshments were served. Assistant hostesses were Misses Ruby Cully, Marie and Marguerite Corrington, Eloise King, Ann and Lillian Cleary and Elmyra Tucker. In all the meeting was a most enjoyable one for all present. The next regular meeting of the Strawn's Crossing Woman's Club will be held Thursday afternoon with Mrs. Edward Deaton of Strawn's Crossing.

E. J. Howells, B. C. Howard, and R. J. Burns of the Bell Telephone company were business visitors in Litterberry yesterday.

Stone's Wrapped Cakes

after searching the markets for the very best cakes we decided the Stone's Wrapped Cakes are the best ever and will recommend them to the public as the best. They come in the following

Golden Sunbeam, Silver Slice, Raisin,
Mephisto, Spanish and Creole.

We get them fresh daily—10c Each.

ZELL'S GROCERY

East State Street

Avoids Breakfast Cooking--

New Post Toasties are ready to eat direct from the package. They have a fine new flavour—self-developed by a new patented process. It's the rare, true flavour of prime, white Indian corn itself, and these New Toasties are the first corn flakes that do not depend on cream and sugar for palatability.

The proof of this superior flavour is found by eating some from the package dry. They're deliciously dry. They're deliciously good that way, but of course are usually served with cream or good milk.

Examine the New Post Toasties flakes. The quick, fierce heat of the new process of manufacture, not only raises the distinguishing little bubbles on each flake, but gives a body and firmness that makes the New Toasties a more substantial food than ordinary "corn flakes."

New Post Toasties do not "chaff" or crumble in the package, and they don't mush down when cream is added. They come to you untouched by hand, and in moisture proof packages that preserve their delightful oven-crispness until served at your table.

Well worth trying—these

New Post Toasties

Sold by grocers everywhere.

DR. ROLLIN TANNER MADE ADDRESS AT CHAUTAUQUA ASSEMBLY

Member of Illinois College Faculty and Students Will Present Greek Play There.

Dr. Rollin H. Tanner, of the faculty of Illinois college, is at Chautauqua, N. Y., where he was one of the speakers on the program given during Art and Archaeology week at the Chautauqua. A number of men of country wide fame appeared on the program. The Chautauquan Daily gives an extended notice of Dr. Tanner's address on "Modern Productions of Greek Tragedies."

In his opening remarks Dr. Tanner referred to what he called the rebirth of the great tragedies, referring to the reawakened interest in these productions. The first Greek play ever staged in this country was "Oedipus Tyrannus," produced thirty five years ago at Harvard. Then the seed germinated and productions were staged in other colleges. Dr. Tanner showed on the screen pictures of various settings as they had been arranged for different productions, in this country, especially he mentioned those at Harvard, Wabash college, Illinois college and at the university of California.

The speaker in discussing the question whether plays should be given in Greek or English, declared that the overwhelming verdict was in favor of the translation, as it was thus much easier to reach the audience. The report of the lecture in the Chautauquan Daily then has the following paragraph: "Then followed a series of pictures of productions of Antigone and Electra by the students of Illinois college under the direction of Dr. Tanner. In the pictures were the young ladies and gentlemen who are here with Dr. Tanner and will take the leading parts in the production of the plays."

To have Dr. Tanner and a number of students of the college taking such a prominent place in the notable gathering at Lake Chautauqua is certainly a splendid bit of advertising for the institution on the hill.

GRIFFIN ELIMINATES PELL.

Boston, July 25.—Clarence J. Griffin of San Francisco who furnished a big upset yesterday, eliminating R. Norris Williams, II, from the singles in the annual lawn tennis tournament at the Longwood Cricket Club, disposed of another strong contender today. In his match with T. R. Pell of New York, the Californian won 6-1; 6-1; 9-7.

BACK FROM SUMMER TRIP

Mrs. J. Herman and her sister, Miss Lillian Rosenthal, have returned from a two weeks' vacation trip spent in Chicago and at Michigan resorts. They were at St. Joseph, Eagle Lake and Benton Harbor in Michigan. They found the last mentioned place especially pleasing and interesting. The St. David colony near there is beautiful indeed, and attracts a great many tourists.

NSAGAMON COUNTY

OLD SETTLERS

The completed program for the forty-eighth annual reunion and picnic of the Sangamon County Old Settlers' society, to be held at Chatham Aug. 9, has been announced by Isaac R. Diller, secretary of the society. It will be an all day affair, with addresses by a number of prominent speakers, music by the Watch Factory band of Springfield and short talks by a number of old settlers.

GAVE BENEFIT SOCIAL

A well attended benefit social was given Tuesday night at the home of the Rev. E. M. Harless on South West street for Miss Helen Halthman, who plans to leave this fall for Wilberforce, O., to enter Wilberforce university, a progressive educational school of 450 students.

WILL ENTER YALE.

Rev. and Mrs. Davis W. Martin expect to leave Friday for New Haven, Conn., where Mr. Martin will continue his studies in Yale university. They have recently been the guests of home folks in the city, the families of T. S. Martin and W. L. Simpson.

FIND DR. WAITE IN CELL BLEEDING FROM A WOUND IN HIS CHEST

SING SING, N. Y., July 25.—Dr. Arthur Warren Waite, awaiting execution here for the murder of his father-in-law, John E. Peck of Grand Rapids, Michigan, was found in his cell in the "death house" tonight bleeding from a wound in his chest made in the shape of a cross. The prisoner had cut himself with piece of broken glass.

How Waite obtained possession of the glass could not be ascertained. It is presumed that when he was taken out for exercise in the court yard he picked it up and concealed it until he returned to his cell. Waite was removed to the prison hospital but he steadfastly refused to answer questions. The prison authorities believe that if he had intended to kill himself, he would have inflicted the wound elsewhere than on his chest. The injury is not serious. A strict watch will be kept on Waite when he returns to the death house.

ATTEMPT TO CAUSE SPREAD OF STRIKE OF INSURANCE AGENTS

NEW YORK, July 25.—Officials of the newly formed union of insurance agents, members of which now are on strike against the Prudential Insurance company, asserted here tonight that efforts are being made to induce agents of other industrial insurance companies to join with them. The strikers declared the agents of several of these companies had promised them financial support. The state board of mediation has taken a hand in the strike and tomorrow the strikers will be given a hearing, Michael J. Reagan of the state board announced.

Representatives of the Union declared that negotiations are in progress to have the facts laid down before Secretary of Labor Wilson in Washington.

GREAT DOINGS IN PORTLAND.

Portland, Ore., July 25.—The biennial session of the supreme lodge, Knights of Pythias will begin in this city one week from today with an attendance that gives promise at this time of surpassing any previous similar event in the history of the order. Fully 25,000 visitors will be here from all over the country, according to an estimate based on the applications for accommodations received by the committees in charge of local arrangements.

B. S. Young of Ada, Ohio, will preside over the sessions of the supreme lodge. He will be succeeded in the chair of supreme chancellor by John J. Brown of Yandalla, Ill., the present vice chancellor. Several States have candidates for the office of supreme vice chancellor. At the present time it looks as if it will be a conflict between the East and West for the honor of filling the office. In the half century of the order the West has never had a supreme chancellor. The selection of the supreme vice chancellor from this section will place the West in line for securing the head of the order, since it is the invariable rule to promote the vice chancellor to the supreme chancellorship.

California has high hopes of landing the honor for Robert F. Burns, for many years a conspicuous leader in Pythian affairs. Colorado has the other Western candidate in the person of Charles F. Davis, for 20 years a representative of that State in the convention of the supreme lodge. The Eastern men most prominently mentioned for the vice chancellorship are William Ladue of New York and W. F. Broening of Maryland.

Elaborate arrangements are being made by the citizens of Portland for the entertainment of the Pythians. Thousands of dollars have been raised by popular subscription. The encampment parade will take place on the opening day of the convention and it is estimated there will be 20,000 uniformed Knights and fifty bands of music in line. Entire lodges will be here from various points in Oregon, Washington and Idaho.

WILL GO TO SIOUX CITY.

Miss Georgia Lutkemeyer, for several days a guest of her parents, Mr. and Mrs. John H. Lutkemeyer, will leave this morning for Sioux City, Ia. to take a library position as supervisor of children's work. Miss Lutkemeyer, who was formerly children's librarian here, has just completed a successful two years' term of service as librarian of the Watertown, Wis., public library.

WORK ON NEW KITCHEN

Simeon Fernandes & Sons have completed the excavation for the new kitchen at the Jacksonville state hospital and will begin at once with the concrete work. There is quite a large amount of concrete construction in connection with this building. William McCullough has the general contract for the structure, which is to be of a most modern type.

PROBATE COURT.

In the estate of John J. Mallen, petition to omit appraisement was allowed.

In the guardianship of Doris H. Bishop, the petition of the guardian for authority to pay claims was allowed.

LICENSED TO MARRY.

Harry E. Reaves, Griggsville, Myra Runkel, Griggsville, James H. Finn, New Berlin; Ona Bullock, New Berlin.

GAME OF BASEBALL.

A game of baseball was played Tuesday afternoon on the Blind pasture between the Giants and the Irish Ramblers resulting in a score of 11 to 4 in favor of the Giants. Frank Quinlan was the Captain for the Irish Ramblers.

T. M. TOMLINSON

THEA BARA IS A PSYCHOLOGIST IN HER FILM ACTING

Supporting Actor Tells of His Observations of Fox Star's High Art in Work.

James Cooley, who appears in support of the William Fox star, Thea Bara, in the new photodrama, "The Eternal Sapho," has made some most interesting observations on the work of that international star. The play is to be seen at Scott's Theater today. In regard to her knowledge of color psychology, he says:

"When first engaged for the support of Miss Thea Bara in the role of John Malverne, I little realize the serious study that Miss Bara has given to the psychology of colors. In this picture I am supposed to meet Miss Bara at a reception given for the artist and his model, and my first glimpse of her is when she descends the great stairway.

"When we played the scene, and Miss Bara appeared on the stairs in a gown of orange, my feeling—real, not simulated—became one of instant admiration. She seemed to radiate graciousness and amiability.

"Later, when in the picture I called at her apartment to express my love, Miss Bara wore a Chinese gown of blue, and I felt nervous and ill at ease. I was almost upset by actual embarrassment. At a later call, when Miss Bara wore a wonderful gown of love's own deep rose, the impulsive fervor in which I caught her in my arms was real.

"This experience, so new to one with years of picture experience, is now made clear to me when I realize that Miss Bara, in addition to her other gifts, is a past mistress of the effect of color vibrations, not only as they serve to reflect her own mood, but as they effect the actors with whom she is playing scenes."

Mr. and Mrs. John Smith of the vicinity of Pisgah were among the shoppers in the city yesterday.

Send for Our Reprint of the Government's Yellowstone Book

SECRETARY LANE of the Department of the Interior published a wonderful official book on Yellowstone National Park this summer, to tell Americans about this great national pleasure resource. We have permission to make a reprint of this book, a copy of which will be sent free to everyone who writes to the address below. You want to know what makes thousands of tourists visit the Yellowstone every summer; you will want to go when you have read this book.

Two-thirds of the tourists who visit the Park travel via the direct and popular Park route, the

UNION PACIFIC SYSTEM

This allows you, without additional fare, to also see Colorado and Estes-Rocky Mountain National Park, and stop off at Salt Lake City. Tourists en route to California and the great Pacific Northwest may conveniently visit the Park on the way.

All explained in the literature we will send you with the Government Book if you will fill out and return the coupon.

Please send me your reprint of the Government Book and other literature describing the Yellowstone National Park.

THE PENINSULAR HIGH OVEN RANGE

Introducing a new Epoch in Stove Making.

In the ordinary stove you must force the heat down and around the oven. It requires a good draft and hot fire to do it.

In this range the heat goes the natural way up and around the oven, requires less fuel, uses any kind of fuel. Eventually all good stoves will be built on this principle.

The handsomest and altogether most convenient range in every way. See it in our window. As soon as you see it you want to own it.

M. E. CHURCH PLANS BIG PICNIC AT MURRAYVILLE

Program Thursday Will Include Addresses in Addition to Driving Contests and Athletic Sports.

The Ladies' Aid society of the M. E. church at Murrayville will give a picnic, burgoon and fish fry Thursday. A number of entertaining features have been planned for the day, including an address by Carl E. Robinson of this city, athletic sports and various contests, and at 2:30 in the afternoon a baseball game between the Jacksonville Merchants and the Murrayville Ramblers. Music for the occasion will be furnished by the Roodhouse Rawlins band. This being the first of the church picnics in the county and weather conditions being promising, it is expected that a record breaking crowd will be in attendance. The program of events for the day is as follows:

10:30 a. m.—Concert by the Roodhouse Rawlins band.
11:00 a. m.—Flag drill by twenty girls.
12:00 noon—Dinner.

Best lady driver, whip. Sooy & Short.
Auto coming greatest distance, five gallons of gasoline. S. F. Sooy, confectioner.
Best decorated auto, five gallons of gasoline. Jay Millard, garage man.

COME YE COMFORTER

The hot weather poet is racing 'round they say, just telling everybody, "It's very hot today." He meets the man who's mopping the beads from off his brow, and thrills him with the message, "It's 'bout a 100 now." He sings his song of weather from morning until night, and he keeps the tune a humming till he passes out of sight. Sometimes when you are hidden in a very quiet spot, breaks his notes upon your eardrums, "Don't you think it very hot?" His theme is of the weather, his tune is very old, he's not the first who sang it, down the ages it has rolled. But we hope, and sometimes pray it, that he'll be the very last, who will dare to sing of weather, whether hot or wintry blast. We need, oh yes we need it, a song that has a tune, to soothe the weary senses like the rarest day of June. So rise, ye poet minstrel, come, hasten and arise, sing something else than weather, for you've advertised. Sing words that soothe and comfort, your themes we know them not, but every time we meet you make us forget it's hot.

S. A. Hughes.

WILL RESIDE IN CALIFORNIA.

Mr. and Mrs. Earl Leake left Tuesday afternoon for Los Angeles, Calif., where they expect to reside in the future. Mr. Leake has for a number of years conducted the Jacksonville Credit company in the Opera House block but recently closed out the business. Mr. Leake's father and mother have been making their home in Los Angeles for several years.

Mrs. Florence Smith of Arenzville was a Tuesday shopper in the city.

SEEK TO BROADEN SUNDAY SCHOOL UNION WORK

Rev. C. E. Spencer, General Missionary, Here for Special Work—Organization in Existence Since 1817

For the last four years the Sunday School Union has been represented in this territory by J. R. Hastings, who is well known to many local people and to many needy communities where he has gone to promote the work. During the four years on this field Mr. Hastings has organized nineteen Sunday schools, many of them in extremely destitute places. Besides this he has distributed hundreds of copies of the Bible and many dollars worth of helpful religious literature. The fruits of the work are evidenced by many forms accepting Christ as their Savior in these needy places.

The American Sunday School Union was organized in 1817 and has been in constant existence since that time with no other purpose than to reach the needy and religiously destitute communities of the United States. The American Sunday School Union had a field day in the Jacksonville churches last Sunday, when Rev. Wm. W. Johnstone, D. D., of Chicago, who is superintendent of the Lakes District and Rev. E. E. Spencer of Peoria, general missionary for Illinois spoke of the work of the Union in several of the churches.

The work of this society is well known to many Jacksonville people and the older people especially remember the work of Stephen A. Paxson and his famous pony Robert Raker. Wm. Paxson sowed this great missionary society in this state for nearly fifty years and many of our rural churches today are the direct outgrowth of his little pioneer union Sunday schools. Frank E. Drury, the well known Morgan county farmer is a grandson of Mr. Paxson.

It is interdenominational in work and at the present time maintains over two hundred regular missionaries who are devoting their time to this worthy cause.

Mr. Spencer will be in the city this week and during that time will call on the people to interest them in the work.

CONCORD

Concord, Ill., July 24—Mr. and Mrs. Grant Mader and son Howard of Winchester returned Monday from a visit at Virden, where they enjoyed themselves immensely auto riding.

Mrs. Richard Elvidge spent last Thursday afternoon in Jacksonville shopping.

Mrs. Jesse Morrison was shopping in Jacksonville Monday morning.

Rev. W. P. Bowman was transacting business in Jacksonville Monday forenoon.

Sidney Smith and daughter, Mrs. Lloyd Clemmons, returned Sunday afternoon from Michigan where they had been several weeks and Sidney intends returning there in a few days.

Mrs. Margaret Spears of California is visiting her parents, Mr. and Mrs. Louis Rexroat.

Jas. Gaddis had a horse affected by the intense heat Saturday afternoon while he was helping thresh, the veterinarian pronounced it a sun stroke.

Daniel Hurley was here last Tuesday, returning from a visit in Jacksonville, where he assisted the families of his friends, Wm. Groves and John Clary.

Mr. and Mrs. Thos. Murphy and little Minta Allen drove to Chapin Saturday evening.

ADVERTISED LETTERS

COMMITTS SUICIDE

Doss Wheeler living at Modesto, Ill., committed suicide Monday evening according to word received by his aunt, Mrs. J. A. Emerson on West Walnut street. Mr. Wheeler has been in poor health for a number of years and this is supposed to be the reason for him taking his life. Mr. Wheeler leaves a wife and five children. Besides Mrs. Emerson he is also a nephew of J. H. Nolley and Miss Marie Frost of this city. The funeral will be held this morning and interment will be made at Modesto.

QUESTIONS ON THE SUNDAY SCHOOL LESSON.

By Rev. T. S. Linscott, D. D.

July 30, 1916.

The Word of the Cross. 1 Cor. 1: 1-2: 5.
Golden Text: Far be it from me to glory, save in the cross of our Lord Jesus Christ. Gal. 6: 14.
1. Verses 1-8. If a true Christian is a laborer, or a lawyer, a minister, or a miner, or any other calling or occupation, can he truthfully say, or not, and why, that he is in his present position by "the will of God?"
2. Who are the "sanctified in Jesus Christ?" Are you one of them?
3. Do all true Christians speak as affectionately to others as Paul did, and if not, why not?

4. How many Christians live a "blameless" life?
5. Verses 9-11. How much may a true Christian business man actually bank upon the faithfulness of God in connection with his business?
6. How much may any Christian trust to the faithfulness of God, for success in time and eternity, for himself and all who are his?
7. To What Extent Does God Expect All True Christians To Be Of The Same Opinion In Politics, Philosophy, Theology, And Other Matters? (This is one of the questions which may be answered in writing by members of the club).
8. Show how it is possible to hold the same opinions and still be divided in heart, and to hold different opinions and be one in heart.
9. If two men are contentious, that is, bitter toward each other; can you say or not, and why, that neither of them is a Christian?

EASON'S DECISION WILL BE PROTESTED BY BRAVES

Zimmerman, Who Reached First on a Fielder's Choice, Came All The Way Home When Fitzpatrick Threw Badly to First on Saier's Grounder.

Boston, July 25—Chicago defeated the Braves 3 to 2 in an eleven inning contest today. Umpire Eason's decision, however, allowing the run scored by the Cubs in the eleventh, will be protested by Boston. Zimmerman, who had reached first on Saier's grounder. Boston will contend that Zimmerman should have been allowed to take third only on the play.

ELIMINATE MISS KAISER.

Chicago, July 25—Miss Laurie Kaiser, champion of Missouri and Chicago, today was eliminated for the tournament to determine her successor as Chicago woman golf champion at Glenview Golf club by Miss Corella Lukens of Edgewater Golf Club, who is playing in her first tournament. The match was even at the end of the 18 hole round and Miss Lukens won the experienced player with a par five on the extra hole.

CALDWELL'S WILDNESS GIVES GAME TO SOX

CHICAGO GETS EASY VICTORY BY 13 TO 8 SCORE

White Sox Gets Five Runs in the First Inning and Five in Sixth—Cicotte is Wild But is Taken Out in Time to Prevent Disaster.

Chicago July 25—Caldwell's wildness was the chief factor in Chicago's 13 to 8 victory over the crippled Yankees today. In the first inning he passed three White Sox and hit another forcing in a run, while Jackson's double and Schalk's triple with the bases full made the total five for the round. Cicotte was nearly as wild but was taken out in time to prevent disaster. Four hits in the sixth routed Russell, his successor.

D. C. DILTZ,
Ticket Agent.**Pimples Disappear**

There is one remedy that seldom fails to clear away all pimples, black heads and skin eruptions and that makes the skin soft, clear and healthy. Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, black heads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is safe, clean easy to use and dependable. It costs only 25¢ an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Zemo, Cleveland.

WHEN lunch or supper seems a long time off and you're hungry, eat Uneeda Biscuit.

Just enough to satisfy—to keep you going till meal time—but so light and crisp and flaky that they won't spoil your appetite.

MISS HARRIS M. WINS BOARD OF COMMERCE \$5,000 STAKE

Daughter of Peter the Great Takes Feature in Straight Heats—Historic Merchants and Manufacturers \$10,000 Stake Will be Run off Today.

DETROIT, July 25.—Miss Harris M., a daughter of Peter the Great, beautifully driven by Lon McDonald this afternoon won the \$5,000 board of commerce stake for 2:06 pacers, the feature event of the second days Grand Circuit program. McDonald drove the Indianapolis mare into a world's record for two consecutive heats by a four year old mare and also established a new record for the board of commerce stake, heretofore known as the Chamber of Commerce stake. The new mark for the stake was set in the first heat which was covered in 2:01 1-4 and the world's record was completed when Miss Harris M., negotiated the second mile in 2:01 3-4.

Miss Harris M., completely outclassed the field in the first two heats. In the first mile McDonald held her back until the three quarter pole. Here he let her out and the bay mare in fourth place, with a tremendous burst of speed, slowly overcame the lead of Goldie C., and won by a length. The second heat was virtually a repetition of the first, McDonald driving his mare in several lengths ahead of Sadie Densmore and Billy Dale. Billy Dale led to the three quarters with Miss Harris M., in second place. At this point the field closed in and the finish was so close that many of the spectators were uncertain as to which had won.

The 2:12 trot for three year olds with \$600 added was captured by Harrods Creek which took the last two heats from Expressive Lou. The last half of the second heat was stepped in 1:01 3-4.

The other event on the card today was the 2:12 pace which went to Patrick M. While Dexter Direct and Duimeter also took a heat each the decision went to Patrick M., under the placing system in effect at the local meeting.

Tomorrow the Historic Merchants and Manufacturers' \$10,000 stake for 2:08 trotters will be run off. A large field is entered for this classic.

2:12 trot. Hotel Wayne. 3 year old sweepstakes. 2 in 3. \$600 added.

Harrods Creek, (Engelman) .2 1 1
Expressive Lou, (Murphy) .1 2 2
Brownie Watts, (B. Fleming) .3 3 3
Best time, 2:08 1-4.

2:06 pace. Board of Commerce stake. Purse \$5,000. 3 heats.

Miss Harris M., (McDonald) .1 1 1
Sadie Densmore, (Thomas) .3 2 2
Saver, (Floyd) .11 5 2
Best time 2:01 1-4.

2:12 pace. Purse \$1,200. 3 heats.

Patrick M., (Stokes) .1 3 3
Dexter Direct, (Egan) .7 6 1
Duimeter, (Lindsay) .8 1 6
Best time 2:05 1-4.

To beat 2:30 1-4 trot.
Virginia Fox, by Peeler Dare, (Colby) won. Time 2:16 1-4.

CONCORD

Dr. and Mrs. Ed Eller and daughter Edna, accompanied by Miss Duncan and Miss Frelin of Mt. Sterling, were the guests of Mrs. L. H. Plank and J. E. Wharton on Thursday at their pleasant home two miles west of Concord.

Dr. Eller was born and raised near the Pleasant View school and is a brother of Dr. F. G. Eller of Chapin.

Mrs. Floyd of Bluffs has had a pleasant visit of about two weeks with her daughter, Mrs. Elmer Plank and returned home Saturday. Clarence Nortrup of Bluffs helped Elmer Brockhouse make hay last week, and also visited his sister and other relatives.

Threshing, oats cutting and haying kept the farmers in this vicinity very busy last week.

Ruth Henderson returned to Eureka on Monday for a short visit.

Among passengers who boarded No. 12 Monday morning were Mrs. Bert Robinson, Mrs. B. Smith and daughter Nellie, Mr. and Mrs. C. P. Brown, J. E. Rife.

Quite a number from Concord went to Chapin Saturday night to see "Damaged Goods," and also to attend the ice cream supper at the Christian church.

The fourth number of our union church services took place Sunday evening at the First M. E. church. Rev. W. P. Bowman the pastor presided, and read the scripture lesson and made the closing prayer. Rev. A. Fairchild made the opening prayer and gave the benediction. Music was by the union choir and congregation.

Minister L. M. Mullikin of the Christian church delivered the sermon which was in series, with the sermon of a week ago. The theme, "What of Jesus," was handled in a way to make an interesting discourse. The text: Colossians 1:17, "And He is before all things, and by Him all things consist." No adequate conception of Christ can be had, and no adequate service and advocacy be given Him, until this fundamental fact is known, believed and adopted as fundamental.

"Thru Him, in Him and unto Him, were all things created. He is our mediator and the propitiation for our sins and also the sins of the whole world. He is the Resurrection and the Life, and Head of the Church. Out of Him there is no hope reaching beyond the crash and conflagration of worlds." The next service will be in the Christian church, Rev. Fairchild to give the message.

Donald Roberts of Chapin was a visitor a part of last week at the home of C. O. Bayless near Hopewell.

Miss Nellie Buchanan returned Monday from a visit with relatives at Chambersburg.

Walter Brockhouse of White Hall and Omer Brockhouse from near Merdosia were home over Sunday.

Mrs. L. H. Plank received word that her friend, Grace McHorter, R. N., had been operated upon again successfully.

Ora Hamm and family went to Arenville Sunday to visit the parents of Mrs. Hamm.

Mrs. Elsie Morris and children of Arenville were visiting Mr. and Mrs. Milton Ham from Saturday to Monday.

The Anti-Cant Bible school class of the Christian church will give an ice cream and cake social on the church lawn on next Saturday evening. Everybody come out and help these young ladies, Mrs. Ethie Plank is teacher.

Mrs. Rebecca Hatfield received a welcome visit from her son, Elias Hatfield of Springfield.

MORGAN

Harold Nergenah is proud owner of a fine new buggy purchased of O. H. Coultas.

Mr. and Mrs. George H. Coulson were called to Auburn Sunday on account of the illness of their cousin, Mr. Sheppard.

Miss Minnie Littig spent Sunday with her parents, north of Bethel.

Mr. and Mrs. Harry L. Hutches and daughter, Bernita of Chicago, made a short visit here with Mr. Hutches' parents, Mr. and Mrs. M. V. Hutches last Thursday, and attended the funeral of Mrs. Julia Lamb at Chapin. Mr. Hutches has been forced to give up his railroad work in Chicago on account of weak eyes and expects soon to locate in Jacksonville.

John Taylor is going about with a lame leg which he cut with a scythe while mowing weeds one day last week.

Wm. T. Smith, "The Rawleigh Man," was a caller here Saturday.

R. O. Garner of Chapin spent Sunday with Miss Noda Coulson.

Elmer Coulson and son, George, were callers here Sunday morning.

WAVERLY

Mr. and Mrs. J. F. Baker of Williamsburg motored down last Friday and visited Mrs. Harriet Baker and J. H. Lankton. They returned to their home Sunday.

Mr. and Mrs. Fred Baker of Pawnee spent last Thursday with the former's mother, Mrs. Harriett Baker.

Mr. and Mrs. Will Staley of Modesto visited in Waverly Friday.

F. R. Smedley of Champaign spent Sunday with Mr. and Mrs. Geo. Kimber. He returned to his home Monday Mr. Kimber going as far as Springfield with him.

Mr. and Mrs. J. W. Gunn returned to Murrayville today after visiting Mr. and Mrs. Bryan Sheppard.

Mrs. Groffee and daughter Minnie returned Tuesday morning from a two weeks visit at Iron Mountain, Michigan.

Hugo Allen and Hersey Crain are in Murrayville doing construction work for the C. I. P. S. Co.

John Dodson of Murrayville called on friends in the city yesterday.

WOMEN IN THE NEWS

Mrs. Norton, an English widow of Altrincham, Cheshire, has been granted total exemption from military service for her eighth son, having seven sons already under the colors. One of these served in the Boer War and was a bearer at the funeral of King Edward.

New York has a Women's American Oriental Club, made up of upward of 100 Chinese, Japanese and American women who wish to promote good feeling among the three nations. Mrs. Yang, wife of the Chinese consul general, and Mrs. Nakamura, wife of the Japanese consul, are vice-presidents, while Mrs. John Nicholson, an American, is president.

The object is purely social, and the organization has proven a delightful meeting ground for Asiatic women in the metropolis.

Bitterness caused by litigation after the death of her father, Nathaniel Gilman, of Waterville, Me., of whose estate she was executrix forty years ago, was the reason for the unusual will of Anna Gilman, who died this month at Rowalton, Conn. The document attracted widespread attention because the bulk of the estate, amounting to \$300,000, was left to President Gilman of Johns Hopkins University as trustee of a fund to aid any worthy executrix having difficulty in establishing and obtaining their legal rights.

From Alaska come the news of a mountain climbing romance without the least savor of the ordinary. Miss Doris Keen of Philadelphia, one of the foremost women explorers in America, was recently married in the shadow of Mt. Blackburn, near McCarthy, Alaska, to George William Handy of the latter place, who had in 1912 made with Miss Keen, now Mrs. Handy, the ascension of the famous peak, 16,140 feet high. Mr. Handy was then the only man out of seven who started with the doughty little woman explorer, to reach the snow-clad summit with her, after 35 days of continuous travel on perilous glaciers. He is a mining man well known in Alaska. So difficult and dangerous did the ascent of Mt. Blackburn prove then, that no one else has since attempted it, man or woman.

It is stated on good authority that Russia has no fewer than four hundred women bearing arms "for God and the Czar." One has even reached the rank of colonel in a Cossack regiment, while several others have won official recognition of some sort for bravery at the front, in the shape of the coveted Cross of St. George, which is the Russian Iron Cross. Women throughout Europe are doing man's work in factories and in the harvest field, but it is only in Russia that women by the hundreds have joined the armies, cutting off their long tresses and passing as men in the majority of cases, but being tolerated by the officers and men upon discovery and gradually being treated as heroes and fully accepted as they proved their valor on the field. These war heroines are not new to Russian history, and the ancient Russian ballads are full of the noble deeds of Russian maids who defended their tribal homesteads against the savage bands of robbers operating in the northern wilds of Russia. The present feminine warriors come principally from the gymnasiums, or high schools, and are young girls. In the spy service of Russia, women are also said to play a greater part than in any other country, women of the highest nobility and of the greatest culture and charm often engaging in the work as in a thrilling game.

Miss Mary De Vore of Cleveland, Ohio, is likely to get what she wants in life if she keeps on pursuing the methods by which she secured a splendid set of muskrat furs which is the envy of her friends. Miss De Vore, who is pretty, 27, and ordinarily pursues no more ferocious occupation than that of stenographer, ignored both shop windows and the contents of her purse when she set her heart upon a beautiful set of furs. She went out in the wilds, captured the animals, killed and skinned them and made the set with her own hands out of the spoils. She trapped the animals on her father's farm near Nelsonville, O., baiting them with apples on the bank of a creek.

In July, 1914, two million women were employed in the principal trades in England. In April last the number had risen by nearly three hundred thousand, of which, of course, the metal trades claimed by far the largest share—the great reinforcing army of women having gone into the munition factories to do the urgent work for the Empire's preparedness. In the professions, one of the most interesting movements made by Englishwomen since the beginning of the war has been the taking up of advertising as a profession, to fill the vacancies in various business houses and advertising agencies caused by the departure of the men. Alert business women interested in the work have organized into an association to train English girls for this lucrative profession, war or no war, and to supply American concerns with information on advertising and business matters in England.

The Macoupin County Medical society held a regular meeting and picnic Tuesday evening at Scottsville, with Dr. F. P. Norbury of Springfield presenting the paper, Dr. Carl E. Black and Dr. A. L. Adams were among Jacksonville physicians who motored down to attend the meeting. Dr. G. H. Stacey went from Scottsville to Palmyra and remained for the night at the home of relatives.

EAST UNION

Misses Mary Mitchell, Lizzie Israel, Jessie Cardwell, Margaret Simmons, Lester Israel and Densel Mitchell spent Sunday with Miss Amy Jones. Miss Lena Martin spent Sunday with Iona Hawkins.

Miss Gladys Garner spent Saturday with Ruth Cryder.

The 15th of August there will be a basket dinner at the East Union church. Everyone come.

Mary E. Pierson, Secy.

"BUFFALO DOWNS YANKES"
Buffalo, N. Y., July 24.—The local team of the International League defeated the New York Yankees in an exhibition game 8 to 4 here today. The Bisons got ten hits and the Yankees 9, and each team made two errors. The New York battery was Fischer, Manager Donovan and Alexander and Walters.

CHICAGO LIVESTOCK MARKET.

Chicago, July 24.—Oliver S. Green with Walter Bros., reports the estimated run for Monday, July 24, 1916:

Cattle, 12,000.
Hogs, 27,000.
Sheep, 9,000.

The demand was light for all grades of cattle. Although the run was below a normal one for Monday, all in all it was a mean market. A few prime beefs were a shade higher but the general market was about the same as last Thursday.

The top price was \$10.15 which was paid for weights from 1123 to 1607 pounds.

25 avg. 1178 @ \$10.25.
16 avg. 1607 @ \$10.25.
16 avg. 1123 @ \$10.25.
15 avg. 1333 @ \$10.25.
25 avg. 1178 @ \$10.25.

Native Beef Cattle Quotations.

Choice to prime handy to heavy weights, \$10.00 to 10.40.

Medium to good yearlings, \$9.00 to 9.40.

Choice to prime yearlings, \$9.50 to 10.00.

Common to medium yearlings, \$7.50 to \$8.75.

Good to choice corn feds, \$9.10 to 9.75.

Medium to good short feds, \$8.00 to 9.00.

Plain to decent warmed up, \$7.85 to 8.50.

Common to plain grass feds, \$7.15 to 7.75.

Inferior to rough grass steers, \$6.00 to \$7.00.

She stock uneven strong in choice lots. Grassers dull sale. Bulls 10 to 15c higher. Calves steady. Feeder trade showed more life and values advanced 10 to 15c.

Butcher Cattle Quotations.

Fat cows, \$5.35 to 8.10.

Heifers, \$4.50 to 9.35.

Bulls, \$5.00 cutters, \$4.00 to 5.25.

Calves, common to heavy to good vealers, \$4.75 to 10.50.

Good to choice vealers, \$10.75 to 11.75.

Prime selected quoted up to 8.25.

Stockers and feeders common to medium 5.50 to 7.25.

Good to choice, \$7.00 to 7.65.

Prime selected quoted up to 8.35.

Early the hog market was up higher than Saturday with a top of 10.10.

Some offerings showing less advance. Pigs generally 10 to 15c higher. But few unsold at the close.

Hog Quotations

Mixed packings 9.15 to 9.0.

Medium and Butchers 9.42 1-2 to 9.85.

Poor to good heavy packings 9.10 to 9.35.

Rough to heavy packings 8.65 to 9.05.

Light weights 9.30 to 9.82 1-2.

Select packing 9.40 to 10.10.

Pigs to throw outs 2.75 to 9.50.

Bulk of sheep and lambs steady with close last week.

Native lambs 10 to 15 up.

Ranges 15 higher.

Most native lambs 10c.

Idaho western ewes make 7.75.

Ranges yearlings 8.50.

Oliver S. Greene.

COURSE OF U. S. STEEL INFLUENCES TRADING TO AN UNUSUAL EXTENT

Publication of Steel quarterly Statement, Which Did not Issue Until After Close, is Preceded by a Series of Sluggish Movements.

New York, July 25.—Trading in today's dull and contracted market was influenced to an unusual extent by the course of United States steel. Publication of the steel quarterly statement which did not issue until after the close of business was preceded by a series of sluggish movements. Steel's initial quotation was at a slight advance, followed by a full point decline.

Final prices left the stock unchanged.

It was known steel earnings would surpass all previous records but the total of \$81,126,048, a gain of \$20,412,424 over the preceding quarter, was in excess of most favorable estimates. The action of the directors in declaring an extra dividend of one per cent also came as a surprise but was accepted as an indication of extreme confidence in future trade conditions. Movements elsewhere in the stock market were mainly downward with slight betterment due to short covering in the final hour.

Miscellaneous shares were mostly lower. Rails, especially the international group were adversely affected by developments in the British political situation and domestic labor conditions.

Total sales of stocks amounted to 306,000 shares.

Bonds were steady at the outset but further heavy offerings of war issues caused later irregular. Total sales par value \$2,520,000.

United States bonds were unchanged on call.

Mrd and Mrs. T. W. Deere and Misses Ida and Harriet Deere were among Franklin visitors in the city yesterday.

Why Illinois Republicans Are Flocking in Thousands to MORTON D. HULL for Governor

Good government in Illinois hangs in the balance. The champions of progress, led by Morton D. Hull, are engaged in a sweeping drive to rid the Republican party of control by the Thompson spoilsmen and to make Illinois stand before the nation as an inspiring example of new-day efficiency in its service to its citizens.

Senator Hull for ten straight years has been specializing for this task. And clean republicans and progressives have now called him to carry it on.

But the situation is critical. The reactionary forces that opposed the progressive acts of Hull and earnest legislators like him, have combined with the Thompson spoilsmen of Chicago to nominate Frank Lowden.

What Hull Has Done for Illinois

True to his party and true to his state, Hull gave his ability, his vote and influence in promoting and passing these valuable measures:

- 1—The Primary Election Laws, which put an end to the "Packed Convention" and infamous "Soap Box" primaries under which the spoilsmen flourished. Hull was chairman and leader of the valiant "Band of Hope" who won for direct primaries in a long and bitter contest.
- 2—The Anti-Graft Law, which compels the State Treasurer to turn back to the treasury the interest on public funds. This has already brought Illinois \$676,676.50. He saved the taxpayers untold thousands—\$40,000 the first year alone—by putting state printing on an efficiency basis.
- 3—Labor Legislation to improve the working conditions in Mines, Shops, Factories, etc.
- 4—Shorter Hours of Employment for Women; the Workmen's Compensation Act; the Occupational Diseases Law; the Child Labor Law, and other legislation for the people's welfare.
- 5—The State Civil Service Law, making merit—not politics—the test of entrance into public service, and prohibiting the collection of the notorious "5 Per Cent Slush Fund" from State employees.
- 6—The Reorganization of the State Charitable Institutions, putting efficiency into their work and extending the scope of their service to the people.
- 7—Important Insurance Legislation to safeguard the policy holders, regulate the investment of insurance funds, and require regular inspection of insurance companies.
- 8—The establishment of a State Highway Commission.
- 9—The establishment of a Pure Food Commission.
- 10—The enactment of the Commission Form of Government Law.
- 11—Giving the Railroad and Warehouse Commission (and its successor, the Public Utilities Commission) the authority to control and regulate the powerful public service corporations, and to require publicity of the investigations, hearings and orders entered by the Commission.
- 12—The Amendment of the Rules of the House, preventing committees from killing constructive bills by their refusal to report them back to the Assembly.

Senator Hull secured the passage of two Anti-Loan Shark bills—one providing for wage loans on an hon-

True, their candidate was once a national committeeman. But as such he gave his proxy to his close associate, Mr. Lorimer, and sent him to represent you. Republicans can't forget that. And they can't forget that the "Combine's" candidate has never had experience in state affairs.

Compare his inexperience with the energetic 10-year record of Morton D. Hull.

est basis under State supervision—the other giving the borrower a hearing in court and thus freeing thousands of wage earners from the clutches of outlaw money-lenders.

At personal expense Senator Hull prepared a digest of all bills introduced to enable honest legislators to give careful scrutiny to questionable bills. Thus, he let in the light, forestalled innumerable grabs and destructive acts, and won the proud title "Watchdog of Legislation."

This roster of achievement tells only a very small part of Senator Hull's great public work. And please remember—that the reactionary interests that bitterly opposed these worthy acts are now combined with the Thompson spoilsmen of Chicago in opposing him.

Pledge Your Support

Now—at once—is the time for every republican and progressive in Illinois to show his allegiance to his party and state by supporting Hull for Governor.

The Primary day is close at hand. But don't wait for that. You must strike and strike quickly with the thousands now working for Hull's nomination. The enemies of good government are ever active. To win with Hull, please sign and mail this pledge right now.

HULL CAMPAIGN COMMITTEE, Logan Hay, Secy.

MORTON D. HULL STATE HEADQUARTERS

LOGAN HAY, Secretary

124 E. 6th Street, Springfield, Ill.

I pledge myself to vote for Morton D. Hull for Governor. Please tell me how I can be of some service in this movement in the meanwhile.

COOLER WEATHER IN BLACKRUST REGION LOWERS WHEAT PRICE

Weakness Prevails at the Close Which is 2 to 2 1/2 Cents Below—Corn Weakens With Wheat.

Chicago, July 25.—Notwithstanding that wheat at one time today touched the highest prices this season, the market during the greater part of the day was on the decline, influenced largely by cooler weather in the blackrust region, and by assertions that for the present the damage had been discounted by the recent big advance in quotations. Weakness prevailed at close which was 2 to 2 1/2 cts lower with Sept. at \$1.19 1/2 and December, \$1.23. Corn finished 1/2 cts off to 3/4 cts up, oats down 1/4 cts to 1/2 cts and provisions varying from 20c decline to a rise of 5c.

It was a day of profit taking on a big scale by commission houses that had been extremely bullish of late. Increased selling carried prices down to the low point of the season.

Corn weakened with wheat but country houses and a few locals showed a desire for the December delivery and most of the strength displayed was in that future which closed 5c higher. Trading in oats was not heavy and the price trend followed the course of wheat. Firmness in live hog prices failed to influence the provision dealers and prices were lower.

(Furnished by Jas. E. Bennett Co.)

The Illinois Daily League

A Co-Operative Organization of Illinois Daily Newspapers

There Are in the Great State of Illinois Many Manufacturers Who Ought to Advertise in the Daily Newspapers of the State, But Do Not.

Some do not advertise at all.

Some advertise in papers in other states but ignore the papers of Illinois.

Some advertise in national mediums and ignore newspapers altogether.

A firm that has any article to sell should advertise these days, because the public has learned to depend upon advertising as a guide to buying.

A manufacturer of any article of fairly household consumption should confine his advertising to local newspapers, because local newspapers are read by everybody and are the only advertising medium everybody does read. They go to the homes of the people.

Newspapers are also the only media an advertiser can localize in, using space only where he has distribution; every other kind of publication represents great waste, because so much of it goes where the advertiser has no distribution and this kind of advertising not only represents waste, but promotes and encourages substituting.

Illinois manufacturers who ignore Illinois papers simply overlook the best market in the world. A few lines from Russell Conwell's "Acres of Diamonds" would be a good thing for such advertisers to ponder.

One reason for advertisers being timid about taking up newspapers has been the amount of work necessary in negotiating contracts.

Thirty Leading Daily Newspapers of Illinois have entered into a co-operative organization, to be known as the ILLINOIS DAILY LEAGUE, one object of which is to reduce to a minimum the difficulties of the past in the matter of negotiating contracts.

By addressing one central office or bureau, advertisers can get data about these thirty papers and their fields and can negotiate contracts for the whole list.

Where there is a member of the ILLINOIS DAILY LEAGUE in his home town an interested advertiser can inquire of that paper and later he will be put in touch with the Secretary of the League, who will be pleased to take up matters of mutual interest in the minutest detail.

All these papers are pledged to co-operate with advertisers to any extent the secretary advises.

Daily newspapers are the greatest result bringers of any advertising mediums.

Daily newspapers are the cheapest per 1,000 of homes reached of all advertising mediums. A sum that will buy a given amount of space in general publications one time a month will buy the same space in a daily newspaper four times a month, or one time a month.

Illinois daily newspapers have the greatest possible influence in their respective communities.

Illinois is the third richest state in the union and the first in per capita wealth.

Therefore, Illinois advertisers should use the ILLINOIS DAILY LEAGUE newspapers.

The papers represent 210,000 circulation (practically all by carrier into homes) and an advertiser can deal with them about as easily as he can with a single national medium of a like circulation.

TWO AGED WINCHESTER RESIDENTS DIED TUESDAY

Mrs. Amanda McKee was 87 and Mrs. Jackson Jones Past 80—Other News Notes.

Winchester, Ill., July 25.—Mrs. Amanda McKee died at the home of her sister, Mrs. Amelia Henderson Tuesday evening about 6 o'clock. Deceased was 87 years of age and had resided in Winchester for many years. Prior to coming to Winchester she was a resident of Jacksonville. Her husband and one daughter preceded her in death many years ago. There survive two sons, Henry of Springfield and John A. of Winchester.

Arrangements for the funeral have not been completed.

Jones.

Mrs. Jackson Jones passed away Tuesday morning at 10 o'clock at the home of her daughter, Mrs. Matthew Chance, aged 80 years, 7 months and 28 days. Four sons and one daughter survive. Funeral services will be held from the residence of her daughter, Mrs. Chance Thursday afternoon at 2 o'clock in charge of the Rev. G. E. Prewitt with interment in Winchester cemetery.

Mr. and Mrs. Grant Mader returned Monday from a visit in Virden.

Mrs. George Stewart left Monday for East St. Louis to visit her daughter Mrs. Len Taylor. A little daughter arrived at the home of Mr. and Mrs. Taylor Sunday.

A son arrived at the home of Mr. and Mrs. Harry McCarty Monday.

Miss Mary M. Murphy will leave today for a visit of several weeks with relatives in Hannibal, Mo.

Friends received word Monday of the birth of a son to Mr. and Mrs. Carl F. Gorman of Brockton, Mass.

Ben Hieronymus and wife arrived in the city early yesterday morning from Beardstown in their car. Mrs. Charles Hieronymus and daughter Miss Olga will accompany them to St. Louis for a visit of several days. Miss Floy Nelson and her guest Mrs. Arthur Hawkes and little son of Kentucky left Tuesday for Chicago for a visit with relatives.

Dr. H. H. Fletcher is the owner of a new seven passenger Hupmobile.

"A QUESTION."

Why is it that the automobile dealers will pay first cost many times for a Ford, when they WON'T TAKE old cars of THEIR OWN MAKE at any price? There is something wrong somewhere. Moral: The wise man buys a Ford and puts the balance in the bank. Then he tells his neighbors that he would rather have a big bank account any time than a big car.

C. N. PRIEST.

The Ford Man, sells them.

ILLINOIS MOVIE MEN PROTEST AGAINST ABUSES

Voice Opposition to Business Methods of Film Manufacturers—G. M. Luttrell Back From Convention

Green M. Luttrell, proprietor of the Majestic theater has returned from Chicago where he attended the sixth annual convention of the Moving Picture Exhibitors' league, in session at the hotel Sherman, and one of the largest gatherings of its kind ever held in America. Mr. Luttrell is himself president of the Illinois State Moving Picture Exhibitors' league and was chosen chairman of the Illinois delegation.

Vigorous protest was voiced by Illinois exhibitors against the growing tendency of manufacturers to tighten down financially on theatre proprietors. Manufacturers of special films have made a practice of requiring deposits of exhibitors and many require the payment of rentals in advance. The exhibitors favor, rather the establishment of an adequate credit system. They opposed national, state and local censorship and are opposed to war taxes of the degree now in force, levies which are often confiscatory. These measures will receive the consideration of a joint committee, composed of fifteen exhibitors appointed by the convention and fifteen manufacturers. Of late there has been a well defined tendency toward harmony on the part of exhibitors and film manufacturers and a speedy settlement is hoped for all difficulties.

NOTICE.

Bids are hereby asked for furnishing coal needed at the city light plant and pumping station for the year beginning August 8, 1916. Bids are asked for 3 inch lump, mine run, pea coal and mixed No. 4 and 5 washed. Bids will be received until 10 a. m., Monday, July 31.

The council reserves the right to reject any or all bids.

R. L. Pyatt, City Clerk.

MR. HEDGECOCK ADMITTED TO BAR.

Friends of William Leroy Hedgecock, who graduated from Illinois College with the class of 1912 will be pleased to learn of his recent admittance to the bar of this state. Mr. Hedgecock is at present located in Beardstown as professor of science in the Beardstown High school. He has been there a but one year having been in Bloomington prior to going there. He was re-appointed teacher in the High school there and will continue his teaching for the next year. Although he is permitted to practice law in any of the courts of Illinois he will not open an office at present.

Dr. and Mrs. C. I. Glenn of Franklin were Jacksonville visitors yesterday.

MRS. RICHARD STANDLEY DEAD IN HER NINETIETH YEAR

Succumbs to Five Years of Illness at Home on Freedman Street Tuesday Evening—Was Born and Reared in Morgan County.

Mrs. Richard Standley, one of Morgan county's oldest and most highly respected residents, passed away Tuesday evening at 7 o'clock at her home, 1129 Freedman street. For the greater part of five years Mrs. Standley had been a sufferer from an illness which confined her to her home. Born Feb. 11, 1827, Mrs. Standley spent her entire life in this vicinity. By all who knew her she was held in high esteem, exemplifying as she did in the life of every day a strength of character and degree of Christian devotion far above the ordinary.

Rachel Ausmus, daughter of Philip and Deida Ausmus was reared in the Joy Prairie vicinity, coming to Jacksonville about twenty years ago. She leaves, besides her husband, one brother, John Ausmus, living in Oklahoma, a daughter, Mrs. Jennie Valentine, Ashland, Kan.; five sons, Cyrus Standley, Madison, Kan.; Phillip Standley, Moweaqua, Ill.; Joseph Standley, Greensburg, Kan.; Edward and Richard Standley, Joy Prairie. There remain also a number of grandchildren and several great grandchildren.

No funeral arrangements have as yet been made.

\$2.50 hammocks \$1.25; \$3.50 hammocks \$1.75; all other hammocks \$1 half price. The Arcade, East State St.

CLEVER ANNOUNCEMENT PARTY GIVEN BY MRS. CLEMMONS

Marriage of J. O. Beasley and Miss Edith E. Clemmons Will Occur in October.

Virden, Ill., July 25.—Mrs. Gregory Clemmons, formerly of Jacksonville, entertained Tuesday afternoon at a miscellaneous shower at her home eight miles west of Virden from three to five in honor of Miss Ella Hopkins who is to become the bride of Lynn Clemmons on September 6.

During the afternoon the engagement of J. O. Beasley and Miss Edith Clemmons was announced. The announcement was made in a very clever way. Mrs. Clemmons read the poem "What Did Love Do?" Then at the request of some of the guests she sang, "I Love You Truly." Miss Arab Bell Beasley accompanied her at the piano. With the song ended she played a wedding march and down the stairs came little Verna Way in the role of minister. Then came master Elwin Clemmons as the groom, followed by little Miss Melva Way admirably impersonating the young bride. The "minister" then announced that it was Oct. 4, 1916, and then made James Orville Beasley, son of Mr. and Mrs. John O. Beasley, and Miss Edith Elizabeth Clemmons daughter of Mrs. Mary Clemmons, man and wife. The guests received their favors, which were wish bones of white cardboard, tied with yellow ribbon upon which were the initials of the bride and groom to be and the date of the wedding. Yellow and white were the colors. Cooling refreshments of ice cream in the form of lady slippers, angel food cake, trappe and salted nuts were served.

Both the young people are graduates of the Virden High school and are very popular in their community. Miss Clemmons is well known to a large number of Jacksonville people. Miss Edna Cox of Jacksonville was a guest at the announcement party. Mr. Beasley is a well known young man of Virden and is a farmer.

If you want a good Hammock, Lawn Swing or Porch Swing at the right price call at Brady Bros.

HOSPITAL NOTES.

Mrs. Bridget O'Neil of Ashland was taken to Our Saviors Hospital yesterday for treatment.

Miss Gladys Hayden of South Fayette street was taken to Our Saviors Hospital yesterday for a slight operation.

Mrs. Edmund Briscoe of White Hall returned to her home yesterday after visiting with her husband who is a patient at Passavant Hospital.

Mrs. Martha Whitlock, Mrs. Mabel Fanning, and Misses Ruth and Mary Fanning of Murrayville called on T. J. Beadles at Passavant Hospital yesterday.

Mrs. Ira Briscoe and her two grand children of White Hall visited Mrs. Briscoe's son, Edmund Briscoe at Passavant Hospital.

Miss Mary Dawson of Chatham Illinois is now in training at Passavant Hospital. Miss Dawson was formerly a school teacher.

Joseph Lucas and wife of Alton were in the city yesterday visiting his parents on Gladstone street.

PICTURE FOR LIBRARY.

Only \$1 Puts This New Hoosier In Your Home on the Famous Hoosier Plan

Prices Will Advance When this Allotment Is Gone.

Before the coming prices take effect, you may choose between the new "Hoosier Wonder" pictured here or one of the other celebrated Hoosiers—"Hoosier Beauty," "Hoosier Special" or "Hoosier De Luxe."

Hinged Door
"Hoosier Wonder," Advertised
in leading Magazines

The terms of this Hoosier Plan in our store are these:

1. \$1 puts the cabinet you choose in your home.
2. \$1 weekly quickly pays for it.
3. The low Cash Price fixed by the factory prevails strictly.
4. No interest. No extra fees.
5. This sale is conducted under the direct supervision of the Hoosier Company.

Only by grasping this opportunity at once can you be sure of getting your cabinet on the Hoosier Plan—and at the present low prices.

You realize of course that these terms could not be offered except on a very limited number of cabinets.

WHY PRICES MUST BE INCREASED.

50,000 cabinets—the entire spring output of the Hoosier factory—were sold in six weeks after they announced their new models. In some

cities women have been unable for several months to get this most popular style.

Now the factory has made up 20,000 more for July and August sales. The next lot, after these are gone, must be sold at higher prices. This is due to the increased cost of all raw material entering into their manufacture.

OUR SALE MAY CLOSE ANY DAY

If all the women who need the Hoosier should come for it tomorrow, our full allotment of Hoosier Cabinets would be taken before night and the sale would close. This happened in some towns during a similar sale two years ago. Yet, if women delay, the sale may last a week or more. But which now is best for you—to take chances and miss this opportunity, or come to our store tomorrow so you can find out about this cabinet and decide before too late?

BAIL FOR WOOD WOOLERY FIXED AT \$5,000 BY COURT

Order Entered by Judge Burton Tuesday—Objection to Master's Report in Lazenby Partition Case Overruled.

In the circuit court Tuesday the hearing of evidence in the Barber land case was continued and then Judge Burton took the matter under advisement, adjourning court about 3:30. While no definite statement was made to that effect, Judge Burton indicated that he will probably give an opinion today. It was also intimated that adjournment might be taken today and the business of the term concluded.

Wood Woolery, charged with murder, was before the court and on recommendation of State's Attorney Hargrove, the court entered an order that the defendant be admitted to bail if bond in the sum of \$5,000 be presented. This action was taken mainly for the purpose of putting the case in line for trial at the November term.

Partition Suit Case.

In the partition suit of Mary Elizabeth Lazenby vs. Ida May Lazenby et al, the objections to the master's report was overruled. The proceeding pertains to 100 acres of land belonging to the estate of the late Charles Lazenby. Subsequent to the filing of the bill for partition of the land, which is located six miles west of Jacksonville, a cross bill was filed by the defendants. This cross bill set forth that Mr. Lazenby, who had been twice married, secured the land in question from money obtained from his first wife. It was claimed by the defendants in the original bill that Mr. Lazenby's first wife had the sum of \$8,000 and that it was used for the purchase of land and the title was vested in Mr. Lazenby. Objections were therefore made to the master's report which was practically in accordance with the bill filed by the complainants.

The court yesterday overruled the objections to the master's report, maintaining that the evidence did not sustain the contention that the land in question had been purchased with funds secured from Mr. Lazenby's first wife. The original purchase was made more than forty years ago and there was naturally some difficulty in presenting evidence to prove the alleged transaction. Mr. Lazenby's second wife survives and there are nine children interested, five of them by one marriage and four by the other. When the bill was filed there were ten interested heirs in addition to Mrs. Lazenby and since that time one has died. Walter W. Wright was the attorney for the complainants in the original bill and J. P. Lippincott represents the defendants and the complainants in the cross bill.

SILK DRESS SKIRTS \$5.75 ad \$8.50.

AT PHELPS & OSBORNE
We have just received some exceptionally pretty silk skirts in the latest stripe combinations, such colors as black and green stripes, navy and gold stripes, navy and white stripes, navy and copenhagen stripes, nice soft quality of taffeta and they are specially priced at \$5.75 and \$8.50.

RECOVERING FROM INJURY.

Carl Coakley, city employee who was recently injured by a portion of a nail striking him in the eye, expects to be able to leave the hospital today or tomorrow. Mr. Coakley was able to be out yesterday and spent a part of the day at the city hall, visiting his fellow workmen there. Although the injury was a serious one, satisfactory progress toward recovery is being made and Mr. Coakley hopes to be able to return to his duties at no very distant date.

\$2.50 hammocks \$1.25; \$3.50 hammocks \$1.75; all other hammocks just half price. The Arcade, East State St.

RETURNED TO CHESTER.

Charles Jackson, parole prisoner from the Chester penitentiary, who has been serving a jail sentence for burglary and larceny, was returned to Chester Monday by Parole Officer George White. Mr. White came to this city Saturday to attend the funeral of Mrs. Haxton.

JACKSONVILLE'S FILTHY STREETS.

Editor Journal:
Many citizens were no doubt pleased to learn from your report of the council proceedings that the dirty streets of the town were at least on the mind of the commissioners, even if so neglected for the past three months.

Time has been during the life of this commission when we have had a fairly tidy city, but I don't recall a season when dust, dirt and filth of such variety and quantity was left months after months to offend and distress passers along our main residence streets. More than this condition is a persistent menace to health especially at this time of fear from the widely prevalent infant epidemics. Does our commission know that dirt is one of the prelois poisoning causes of this plague?

It is said the sweepers "can not be satisfactorily used on account of the roughness of the pavements." Are we then to be left dirty till our streets are repaved? And what of those residence streets like Grove, Lafayette avenue, Sandusky street, Diamond street, Clay avenue, East street, upper stretches of College avenue, College street which are quite fairly smooth—at any rate no rougher than they were a few months ago.

And where's that flusher that was to do such excellent work keeping us clean?

Many citizens have arranged to have oiling done in their neighborhoods—but what a mess is left when oil is spread over the accumulated dirt of months on the pavements.

The many protests now rising from citizens ought to spur the commissioners to greater street activity. Citizen.

NOTICE TO SCHOOL TEACHERS.

As the time is at hand to renew your certificates for the coming year it becomes my duty to inform you that you will be called upon to answer the following question:

What is a Ford car, and your answer MUST BE AS FOLLOWS:

A Ford car is a machine, made by the Ford Motor company of Detroit, Mich., a small car of large value; a car that the automobile concerns are trying to pattern after; a car that is an ASSET to your business, your family and yourself—The Efficiency Car.

The Ford is the LEGAL TENDER CAR," the car that brings happiness to your homes. It's the car that not only is a luxury, but a commercial commodity.

It's the car that all the automobile concerns are trying to get. In fact, THE UNIVERSAL CAR, and sold at ONE PRICE TO ALL by the agent—C. N. PRIEST.

The Ford Man.

WERE PLEASED WITH TREATMENT.

Walter H. DeShare secretary of the Jacksonville Baseball team has received a letter from R. F. Hammel manager of the Alta Baseball team. Mr. Hammel writes expressing appreciation of the fine treatment the Alta team received while here both on and off of the ball field. He says that they hope to play Jacksonville again next year. It is probable, however, that the team will be booked for another game this season. The Jacksonville has won both games it was only by a margin of one run and the Alta team is undoubtedly one of the best that has ever been seen here. The fans are still talking about the game Sunday and want to see the Alta again.

If you want a good Hammock, Lawn Swing or Porch Swing at the right price call at Brady Bros.

IN OFFICE AT WADDELL'S.

Miss Irene Hadden has taken a position in the office of F. J. Waddell & Co. Miss Hadden was formerly employed by the Clover Leaf Casualty Co.

HOWARD GRIDLEY INJURED HAND IN THRESHING MACHINE

Morgan Street Paving Again Discussed by Virginia People—Other Cass County News

Virginia, Ill., July 25—Mrs. W. E. Gibson and daughter Dorothy Nelle and Miss Lurena Stenritz left this morning for Chicago where they will visit Mrs. Gibson's sister, Mrs. Sim Fernandes.

Howard Gridley is suffering with a badly lacerated hand which was injured in a threshing machine.

Dr. Yowell and family and Robert Stribling left yesterday for an auto trip to Monroe City, Mo., where they will make an extended visit with the Doctor's parents.

Miss Nelle Irvine returned home Sunday from a Jacksonville hospital where she had been receiving treatment for a sprained ankle.

Dr. G. W. Smith and family left for an eastern trip they will visit many points of interest including Niagara Falls Washington City and points in Canada. They will make the trip in their touring car.

Senator Morton D. Hull of Chicago, candidate for the Republican nomination for governor, was in this city today, where he spoke to the voters for a few moments.

Miss Pansy Perrin left for Ashland, Wis., where she will be employed in a cafe.

Misses Grace Simmons and Herold Garner are spending the week with Mrs. Edward Krone west of town.

Miss Kathryn Irvine, Mrs. Kathryn Caldwell and Mr. S. W. Bailey of this city were Sunday Jacksonville visitors.

Miss Bessie Martin of Beardstown was a week end guest of her friend Miss Gertrude Turner.

Mrs. E. J. Huff and granddaughter Greta Gill and Misses Mary and Mabel Turner motored to Jacksonville Friday and spent the evening with friends at the hospital.

The much talked of paving of Morgan street which had been so seriously objected to, is again the topic of conversation of today, steps will be taken at the next meeting of the council to try to interest the property owners in the district more favorably this time.

LECTURE ANNOUNCED.

Thursday evening at 7:30 o'clock, Prof. Roy Neve of Wittenburg seminary, Springfield, Ohio, will deliver a sermon at St. Peter's Lutheran church, two and one-half miles northwest of Arenzville. Prof. Neve's theme will be, "The War from a Religious Standpoint." The public is cordially invited to this service.

ATTENTION ELKS.

Owing to the extreme hot weather there will be no meeting of Jacksonville Lodge tonight. The next meeting will be on the last Wednesday night in August.

H. P. Obermeyer, E. R. Edward Alexander, Sec.

DIVORCE SUITS FILED.

Two suits for divorce were filed Tuesday by J. O. Priest for hearing a November term of the circuit court. Donnie M. Wilson is seeking divorce from her husband, Harry W. Wilson, on the charges of drunkenness and cruelty. They were married in Peoria in October, 1910, and lived together until a recent date. The maiden name of the complainant was Donnie Keran.

Olo Dashney is seeking divorce from William Dashney, charging him with cruelty. Their married life covered a period from May 28, 1912, until September 2, 1915. Mrs. Dashney was Oia White prior to her marriage.

HULL TALKED TO LOCAL VOTERS TUESDAY

CANDIDATE FOR REPUBLICAN GOVERNORSHIP NOMINATION HEARD IN ADDRESS

"Points With Pride" to Ten Years Work as Member of Legislature—Lowden Not a Man of Action and in Bad Company, Speaker Declared.

Senator Morton B. Hull, candidate for Republican nomination for governorship of Illinois, came to Jacksonville Tuesday, accompanied by Former Senator Logan Hay, Roswell Magill, son of Senator Hugh Magill, H. T. Fleming, general publicity representative, and George J. Read, assistant publicity man.

To say that Mr. Hull and party received a warm welcome at Jacksonville is telling the exact truth for they arrived by automobile from Virginia about 1 o'clock with the thermometer standing at 103 in the shade. After a lunch had been served to the members of the party and a few local Republicans at the Douglas, both Mr. Hay and Senator Hull made addresses in Central park.

Charles B. Graft, chairman of the Morgan county Republican Central committee, introduced Senator Hay, who referred briefly to his own record in the senate and to his many pleasant associations with Jacksonville people. He in turn introduced Senator Hull. Members of Jeffries band had been giving a concert program for an hour before the speaking began and as a result the speakers had an audience of fair size notwithstanding the extreme heat and the very unfavorable time of day for a political meeting.

Senator Hull Points to Record

Senator Hull declared that he was seeking the nomination on the basis of his ten year record as a member of the Illinois general assembly and asked his auditors to compare it with the record of Colonel Lowden and Colonel Smith. He asserted that Colonel Lowden's record in congress was not important in accomplishment and that Colonel Smith had no record as an elective officer.

The speaker referred to so called progressive legislation, the direct primary law, civil service law and some other bills enacted by the Illinois assembly within the last ten years, and pointed out that he had been connected with the passage of this legislation. Senator Hull made it clear that he had become a candidate not only because of his aspiration to hold the highest office in the state of Illinois, but also because he viewed the matter somewhat in the line of duty. He referred to Jackpot days in the legislature and said that there were evidences that the same interests which controlled in the days of the Lorimer scandal were again seeking to get into the saddle of Illinois government.

Assailed Mayor Thompson

He mentioned Mayor Thompson of Chicago as part of a machine now seeking control and said that Thompson's record as mayor of Chicago had discredited him for any further leadership. The combination which controlled affairs in the Republican state convention and settled the national committee was mentioned and the speaker said that Samuel Ettleson, corporation counsel of Chicago and a member of the state senate, would be on hand in state government affairs to see to it that the city hall received a full share of the spoils from state governmental affairs.

Continuing his attack on Mr. Lowden, Senator Hull declared that Colonel Lowden's performances in congress furnish no guarantee of what he might be expected to do in the future. He attacked particularly his associations and said that Colonel Lowden's associations with the old Lorimer-Lundin-Thompson group of politicians which began twelve years ago really furnished occasion for taking alarm. The speaker charged Mayor Thompson in this connection with having so demoralized the services of the municipal tuberculosis sanitarium in Chicago that Dr. Sachs, the superintendent, was driven to suicide.

State Problems Change.

In the course of his address Senator Hull referred to the changing conditions of Illinois government. The time was, he said, when the problems of Chicago and the state at large were practically the same, but with passing time there have been great changes. He referred to the great increase in public expenditures, part of which he said were necessary and justified and part due to extravagance. He referred to his connection with the efficiency and economy committee appointed a year or two ago by the general assembly with the hope of working out a more economical plan of state government. "Efficiency and economy," the candidate said, "are primal considerations in the affairs of this state and I do not believe that I am speaking with too great confidence when I say that I believe my record in the general assembly gives reason for the expectation that if nominated and elected governor of this state, that these matters of basic importance will be given their proper consideration."

Senator Hull believes the state educational system needs development, especially along industrial lines, and he favors various progressive measures which he believes will be for the benefit of the people generally.

Cool Clothes

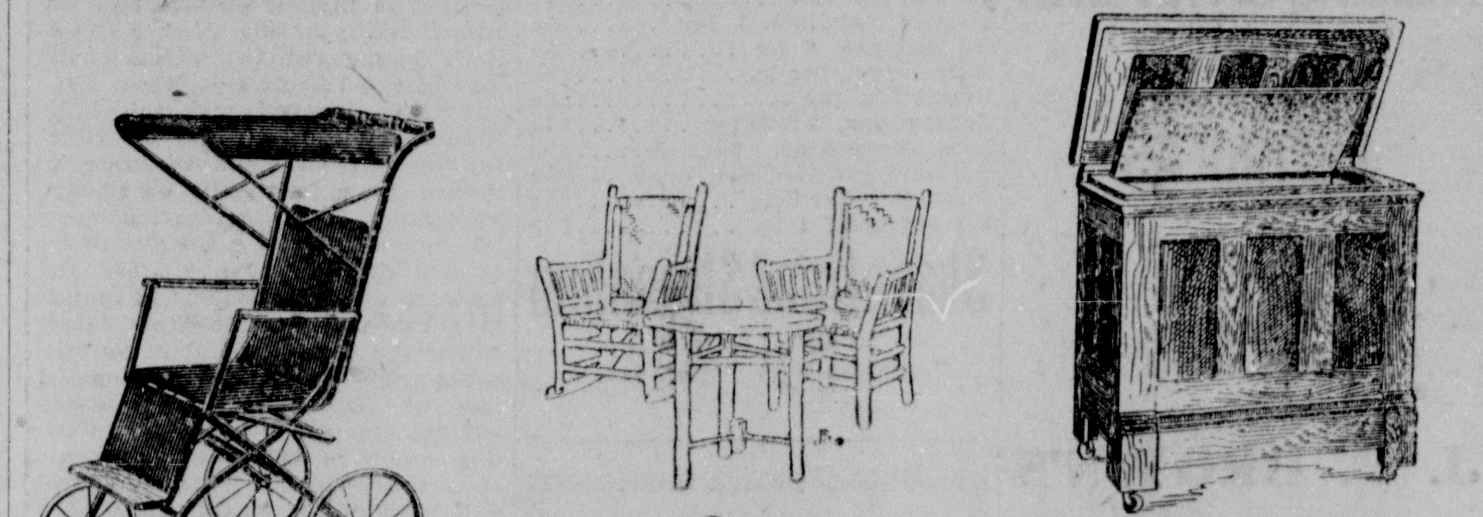

are necessary to make your burden more bearable. A cool mind in a cool body is now the wise man's motto. To enable you to live up to it, we have a big variety of every sort of wearables to keep you cool.
